Please contact Southern Region's Training Officer, Pat Vincent, at 907-562-6449 for more information.

### Ambulance Transformation Assessment

[Complete the Self-Assessment anytime here.](#)

The National Rural Health Resource Center has just announced the availability of a new EMS resource from the Technical Assistance and Services Center (TASC) Program. This resource provides assistance to rural ambulance agency leaders in assessing their agency's readiness and supports agency's transition to value based payment models that reward people centered care and positive patient outcomes. [\[Read more about this ambulance resource here.\]](#)
