## 2022 Price Transparency

Published 01/01/2022

Per state law (Alaska Statute 18.23.400), beginning January 1st, 2021 we are required to annually post a list of our 10 most frequently billed service codes from the six sections of Category I of the Current Procedural Terminology (“CPT codes”) book, as adopted by the American Medical Association. The six sections are:

<b>Category</b>	<b>CPT Code Range</b>
Evaluation and Management	99201-99499
Anesthesia	00100-01999; 99100-00140
Surgery	10021-69990
Radiology	70010-79999
Pathology and Laboratory	80047-89398
Medicine	90281-99199; 99500-99607

The state department responsible for overseeing this law is the State of Alaska Department of Health and Social Services (DHSS), their website

is: <http://dhss.alaska.gov/Pages/default.aspx>.

In adherence to the law, Bartlett Medical Oncology Center (BMOC) is listing our “undiscounted price.” These prices are taken directly from our fee schedule as of the publication date and are also reported to the Alaska Department of Health & Social Services. These prices may be higher than the amount actually paid for the services received depending on the individual’s circumstance (ie. Insurance Coverage, In-Network Contracts, Medicaid Coverage, Self Pay Arrangements, etc.).

You are entitled, upon request, to receive a good-faith estimate of reasonably anticipated charges for a given nonemergency service(s) prior to receiving those services and no later than 10 days following the receipt of your request. This estimate does not include facility fees or other charges incurred outside of the service rendered by a BMOC provider. This estimate will be provided in the form of your choosing – Orally, Written, or Electronic. BMOC will always provide you with a good-faith estimate when/if a surgical procedure is proposed.

Please do not hesitate to ask any questions.  
Our billing office may be reached directly at 907-796-8631.
