Alaska's health care price transparency law (AS 18.23.400) requires health care providers and facilities to post the prices of their most common procedures. Visit the Alaska Department of Health & Social Services website for more detail at :

<http://dhss.alaska.gov/dph/VitalStats/Pages/transparency.aspx>

We are an in-network preferred provider with Aetna, Blue Cross Blue Shield, Alaska Medicaid, Cigna, Tricare, First Choice Health, MultiPlan, & United Healthcare. If you are covered by health insurance, you are strongly encouraged to consult with your health insurer to determine accurate information about your financial responsibility for a particular service.

The undiscounted prices reflected below may be higher or lower than the amount an individual actually pays for the health care services described in this list. You will be provided with an estimate of the anticipated charges for your non-emergency care upon request. Please do not hesitate to ask for information.

**CPT® codes are billing codes dictated and monopolized by the AMA
(see statement at the end of this document)**
