## **Introduction**

This publication provides detailed information on the operating grants awarded by the Department of Health (DOH) in Fiscal Year 2025. Through these grant programs, the department awarded more than \$142 million through grants and manages over 430 operating grants.

Details provided for each grant program include a brief narrative, Results Based Budgeting Framework, grantee name, service area, fund source and award amount. Included in this publication is a DOH Services Regions map providing a graphic description of the regions across the state. Lastly, an Election District report is included to delineate grant services provided in each election district.

Grant programs are managed collaboratively with each of the department's divisions and Finance Management Services, Grants Section. We welcome your suggestions regarding the department's response to the needs of Alaskans and how we can improve services through our grant programs.

Hilary Porter  
DOH Grants & Procurement Manager

**Behavioral Health**

**Alcohol Safety Action Program (Adult and Juvenile)**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.31 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** The Alcohol Safety Action Program services are intended for adult and juvenile clients who have a current or pending misdemeanor criminal case with the Alaska Court System for driving while intoxicated and/or other alcohol and drug related misdemeanor cases. Services provide case management and accountability to clients by 1) screening criminal cases referred from the district court into drinker classification categories, and risk/need screenings as well as 2) managing misdemeanor alcohol offender cases to ensure their required substance abuse education or treatment program are completed, as prescribed by the courts and activities are reported back to the court for disposition.

**Assessment of Need:** The Alcohol Safety Action Program is an integral part of the Alaska Court System and the Behavioral Health continuum of care, providing invaluable and necessary substance abuse services in all major communities throughout Alaska. Maintaining our current Alcohol Safety Action Program system of service in our major Alaskan communities is vital to our goal of reducing alcohol use, abuse and dependency across our state.

**Service Delivery Area:** Service areas include Juneau, Ketchikan, Kodiak, Fairbanks, Dillingham, Copper River, Bethel, Palmer/Wasilla, Anchorage, Kenai/Homer, Seward, Nome, Kotzebue, and Barrow.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

**Alcohol Safety Action Program (Adult and Juvenile)**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>

Total Program Grant Award    \$1,207,565.00

## **Behavioral Health**

### **Bethel Community Service Patrol and Sobering Center**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 18.08.010, AS 44.29.150, AS 47.30.477, AS 47.30.520 - 620, AS 47.37, and 7 AAC 71.010 - 71.300 Community Mental Health Services, and 7 AAC 29 State Standards for Alcoholism Programs.

**Description of Services:** Bethel's Community Service Patrol will patrol the town, picking up inebriated individuals and deliver them to the appropriate facility for assessment. If needed, Community Service Patrol will transport them to the Yukon Kuskokwim Health Corporation Sobering Center where they can sober up in an environment that provides monitoring and protection. Individuals taken to the Yukon Kuskokwim Health Corporation Sobering Center will also be screened and receive case management services that connect them to services, such as referrals for Substance Abuse or Mental Health assessments and treatment.

**Assessment of Need:** The Bethel region has been identified by the Alaska Mental Health Trust Authority as a target area for specialized chronic inebriate services due to the large number of Title 47 protective holds that result in people being taken to local correctional facilities or hospital emergency rooms. Neither of these facilities have the capacity to provide services for those needing care. The Community Service Patrol is an integral part of a multi-faceted service system designed to provide protection, identification, and referral for treatment for the targeted population. The Yukon Kuskokwim Health Corporation Sobering Center provides a more appropriate and preferable setting, than the local correctional facility or emergency room.

**Service Delivery Area:** Bethel Service Area. Available data documenting incarcerations associated with protective custody holds demonstrates that the City of Bethel has one of the highest incidences of protective holds in the State. Because of this, the Alaska Mental Health Trust Authority and Division of Behavioral Health have identified the region as a priority for additional program efforts.

**RBB Framework:** Department Priorities

**Bethel Community Service Patrol and Sobering Center**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>
Yukon Kuskokwim Health Corporation	Yukon Kuskokwim	Yukon/Kuskokwim	37, 38, 39	Recidivism Reduction Fund	162-203-25001	\$606,400.84
Yukon Kuskokwim Health Corporation	Yukon Kuskokwim	Yukon/Kuskokwim	37, 38, 39	GF/MH	162-203-25001	\$159,448.16
Bethel, City of	Bethel	Yukon/Kuskokwim	38	GF/MH	162-203-25002	\$323,081.00

**Total Program Grant Award    \$1,088,930.00**

## Behavioral Health

### CBHTR Outpatient Treatment

**Granting Authority:** 7AAC 78 - Grant Programs,

7 AAC 78—Grant Programs, AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes, AS 47.30.011-.061 Alaska Mental Health Trust Authority

**Description of Services:** The Comprehensive Behavioral Health Treatment and Recovery program is operated to ensure Alaskans have access to a statewide continuum of behavioral health (mental health and substance use disorder) services across the lifespan. The Comprehensive Behavioral Health Treatment and Recovery program coordinates community-based, person-centered services and supports for abstinence and improved health, wellness, and quality of life for those with, or at risk of behavioral health issues. This program includes outpatient mental health treatment services, outpatient substance use disorder treatment services, and psychiatric emergency services.

**Assessment of Need:** In the 2020 Behavioral Risk Factor Surveillance Survey (BRFSS), 10.5% of Alaskans reported frequent mental distress (14 or more days per month). Alaska Native adults reported frequent mental distress at 13.4%. Alaska's 2020 suicide rate of 27.5/100,000 was over twice the 13.48/100,000 U.S. rate. Alaska Natives complete suicide at 2.4 times the rate of non-Alaska Natives. Alaska has the 5th highest rate of frequency of adult binge drinking in the U.S. and the second highest economic cost per capita of excessive alcohol consumption. The Alaska Native adult rate of alcohol-induced mortality is over 4 times (110.3/100,000) that of all Alaskan adults (26.3/100,000) and is over 9.5 times the national rate (11.4/100,000). 66% of Alaskan adults report one or more Adverse Childhood Experiences (ACEs) growing up with one or more adults experiencing behavioral health issues, which for children translates to more expensive acute care and chronic conditions later in life.

**Service Delivery Area:** Statewide, by Department of Health Regions, or by Alaska Medicaid Section 1115 Behavioral Health Demonstration Waiver Regions according to need.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

## Behavioral Health

### CBHTR Peer and Consumer Support

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78- Grant Programs; 7AAC 70 Behavioral Health Services; 7AAC 135 Medicaid Coverage for Behavioral Health Services; AS 47.37 Uniform Alcoholism and Intoxication Act; AS.47.30.475 Grant in Aid Program; AS 47.30.520-620 Community Mental Health Services Act; AS 47.30.635-.915 AK Civil Commitment Statute; AS 47.30.011-.061 AK Mental Health Trust

**Description of Services:** The Division of Behavioral Health seeks to support specific types of services that are provided by individuals who qualify as peer or consumer support services practitioners or peer support specialists. Peer support is an approach that integrates personal experiences or “lived experiences” in recovery with behavioral health treatment and recovery supports for individuals, family, and youth with Serious Mental Illness, substance use/misuse disorders, Serious Emotional Disorders, and/or Co-occurring Disorders. Peer supports will identify with at least one of the above-described experiences and by demonstrating acquisition of core competencies to provide services through training and/or experiences. The goal is to provide accessible and effective evidence-based services through peer support. Services will be provided in integrated community environments or in institutions and/or community based intensive programs as a transition into less intense community environments. The Division will embed peer support practitioners throughout Alaska who will provide outreach and engagement to improve the quality of life for clients.

**Assessment of Need:** According to the Substance Abuse and Mental Health Services Administration, Peer support workers are people who have been successful in the recovery process who help others experiencing similar situations. Through shared understanding, respect, and mutual empowerment, peer support workers help people become and stay engaged in the recovery process and reduce the likelihood of relapse. Peer support services can effectively extend the reach of treatment beyond the clinical setting into the everyday environment of those seeking a successful, sustained recovery process. Ongoing research on peer support, published in Substance Abuse and Mental Health Services Administration The Value of Peers, shows promising findings such as: reduced use of inpatient services, decreased self-stigma, decreased costs to the mental health system, and decreased hospitalization.

**Service Delivery Area:** Statewide. Resource allocation will assure a distribution of grant funds across the state.

**RBB Framework:** Department Priorities

**Behavioral Health**

**CBHTR Residential Withdrawal Management and Residential SUD Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.011 - .061 Alaska Mental Health Trust Authority.

**Description of Services:** The Comprehensive Treatment and Recovery Substance Use Disorder Residential Treatment/Withdrawal Management Services program is operated to ensure that Alaskans have access to a statewide continuum of these services across the lifespan. This program coordinates community based, person-centered services and supports for abstinence and improved health, wellness and quality of life for those with substance use disorders and with co-occurring substance use disorders and mental health issues. Services may include residential treatment and/or residential withdrawal management (detoxification).

**Assessment of Need:** There is a very high need for Substance Use Disorder Residential and Withdrawal Management Services in Alaska, evidenced by the utilization rate and the number of individuals on the wait lists for these services, as well as the high number of calls received at the Division of Behavioral Health requesting these services. This has accelerated over the past few years due to the opioid crisis and the Covid Pandemic. Also, the majority of individuals with Substance Use Disorder who are in need of this level of treatment have little to no income or private health insurance. Thus, it is essential that the State provide access to Substance Use Disorder programs that accept Medicaid and/or charge on a sliding fee scale, which these grants require of providers.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

## Behavioral Health

### Children's Mental Health Initiative / CMHI

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes, AS 47.30.011 -.061 Alaska Mental Health Trust Authority.

**Description of Services:** This funding seeks to provide resources to improve the mental health outcomes for children and youth, birth through age 21, at risk for or with serious emotional disturbances (SED), and their families. This program supports the implementation, expansion, and integration of the System of Care (SOC) approach by creating sustainable infrastructure and services that are required as part of the Comprehensive Community Mental Health Services for Children and their Families Program (also known as the Children's Mental Health Initiative or CMHI). With this program, the aim is to prepare children and youth with, or at risk of, SED for successful transition to adulthood and assumption of adult roles and responsibilities. Among required activities are: provision of evidence-based and culturally appropriate mental health services to children and youth with or at risk for SED, including those from diverse populations; provision of diagnostic and evaluation services, outpatient services and medication management, intensive day treatment and home-based outreach and case management; mental health crisis emergency services; provision of referral pathways; training to service providers; development and maintenance of collaborative partnerships; therapeutic foster care; and incorporation trauma and grief informed care.

**Assessment of Need:** Alaska is in need of enhanced behavioral health services for children and youth, as indicated by several sources, including CMS (Centers for Medicare & Medicaid Services) 1115 Evaluation deliverables, Centers for Disease Control (CDC) and Prevention Youth Risk Behavior Surveillance System (YRBS) / Behavioral Risk Factor Surveillance System (BRFSS) data, SAMHSA Substance Abuse and Mental Health Services Administration's (SAMHSA) National Survey on Drug Use and Health (NSDUH) data, and the recent 2022 Department of Justice (DOJ) report of Behavioral Health services for Alaska's children. An example of Alaska's need is that Alaska has one of the highest suicide rates in the nation; in 2020, the leading cause of death for people ages 15-24 was suicide. Suicide attempt rates in Alaska are on an increasing trajectory. This SAMHSA grant will assist Alaska in better ensuring the smooth transitions of children and youth between emergency departments, inpatient behavioral health facilities, and outpatient care, aiming to reduce unnecessary out of state, out of community, and psychiatric hospital placements.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

## Behavioral Health

### Comprehensive Behavioral Health Prevention and Early Intervention Services

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs. AS 47.37.030 Uniform Alcoholism and Intoxication Treatment Act and AS 47.30.470-500 Alcoholism and Drug Abuse.

**Description of Services:** Program services will assist and support efforts to reduce and prevent substance use and abuse, behavioral health crisis interventions, suicide, and self-destructive behavior. The overall goal of this program is to support coalition-lead community-based activities across Alaska by reducing risk factors and harmful consequences of substance abuse and poor mental health, and to promote protective factors to empower communities to create population-level change in behavioral health conditions. Increasingly, integrated Behavioral Health services requires a broader view of substance use and mental health problems and to look more holistically and to partner with initiatives that target interpersonal violence, trauma, primary care and physical health issues.

**Assessment of Need:** The Comprehensive Behavioral Health Prevention and Early Intervention program is an integral part of the Behavioral Health continuum of care. This program funds coalitions to initiate and support community-based training, education, and other behavioral health strategies throughout Alaska to increase shared protective factors among individuals, families, and communities to reduce substance abuse and misuse, and local challenges. This network of coalition-lead initiatives operates at the local, regional, and state levels and is vital for promoting a safe and healthy environment for children and families across the state and results in reduced health care costs and a lower burden on the legal and criminal justice system.

### Crisis Stabilization and Residential

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, 7AAC 138 1115 Substance Use Disorder Waiver Services, 7AAC 139 1115 Behavioral Health Waiver Services, 7AAC 160 Medicaid program: General Provisions, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes

**Description of Services:** This program supports the development of the Crisis Stabilization programs including 23-hour Crisis Observation and Stabilization and/or Crisis Residential and Stabilization Services in Alaska's Behavioral Health and Substance Use Disorder Continuum of Care. A Crisis Observation and Stabilization program provides youth (ages 12-18) or adults (ages 18+) who are in crisis a safe place to go with up to 23 hours of observation and supervised care to de-escalate the crisis, to provide prompt assessment, and to determine the appropriate level of care. Crisis Residential and Stabilization Services provides a safe home-like environment and 24/7 medically monitored care and stabilization services for a period of one to seven days to restore children (ages 11 and under), youth (ages 12-18), or adults (ages 18+) to a level of functioning that does not require hospitalization.

**Assessment of Need:** With the 1115 Medicaid Waiver, Alaska sought to expand the services of the crisis response continuum to include Crisis Observation and Stabilization and Crisis Residential and Stabilization Services. Agencies have enrolled to provide these services, but we have yet to see a notable increase in functional crisis stabilization facilities to serve children (under age 11), youth (12-18) and adults who are experiencing behavioral health or substance use disorder crises. Currently Alaska's crisis continuum of care is characterized by an over-reliance on the use of emergency rooms. Crisis Observation and Stabilization and Crisis Residential and Stabilization Services programs will decrease the dependence on emergency room care while increasing places to go for children, youth and adults in crisis.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

**Crisis Stabilization and Residential**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>
Set Free Alaska, Inc.	Mat-Su Borough	Southcentral	6, 7, 8, 9, 10, 11, 12	Fed Rcpts	162-264- 25001	\$100,000.00

**Total Program Grant Award    \$100,000.00**

**Behavioral Health**  
**First Episode Psychosis**

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78 – Grant Programs, 7AAC 78 - Grant Programs, AS 47.30.520-.620, AS 47.30.655-.915 and AS 47.30.011-.061

**Description of Services:** The First Episode Psychosis program is an evidence-based practice to identify and serve individuals in their teen years or during early adulthood who have had or are at risk of having their first episode of a psychotic disorder. Research has demonstrated that early, appropriate treatments and supports can help to prevent the full onset of illness for persons in a high-risk state, and to improve long-term outcomes for those who have already had a first episode of psychosis. Services are a team-based, multimodality approach to treating first episode psychosis. Component interventions include community outreach, assertive case management, individual or group psychotherapy, supported employment and education services, family education and support, and low doses of select anti-psychotic agents.

**Assessment of Need:** National research has demonstrated that approximately 100,000 adolescents and young adults experience first episode psychosis each year.

**Service Delivery Area:** Given the low incidence of youth with early psychosis, this model requires a service area population size of at least 100,000. Expectations of numbers served once a team is fully functional is 15 to 25 depending on the size of the community. Due to the remoteness of Alaska, a proposed service area with a population size of less than 100,000 will be considered, if the applicant demonstrates need and capacity to meet the target number of clients served. One to two grant awards will be funded.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

**First Episode Psychosis**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>

**Total Program Grant Award    \$237,704.00**

**Behavioral Health**

**Mobile Outreach**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, 7AAC 138 1115 Substance Use Disorder Waiver Services, 7AAC 139 1115 Behavioral Health Waiver Services, 7AAC 160 Medicaid program: General Provisions, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes.

**Description of Services:** This grant program is for the purpose of supporting the development of mobile Outreach and Crisis Response (MOCR) services in Alaska's Behavioral Health crisis response continuum of care and to develop modified mobile crisis outreach to youth and families. MOCR services are provided 24/7 to individuals and/or families who are experiencing a crisis and are delivered in the community in any location where the provider and the individual can maintain safety. MOCR services render rapid assessment and intervention, prevent crises from escalating, stabilize the individual/family, and connect the individual/family to appropriate services needed to resolve the crisis with essential follow up to ensure connection to resources and/or ensure the crisis has stabilized.

**Assessment of Need:** With the 1115 Medicaid Waiver, Alaska sought to expand the services of the crisis response continuum to include MOCR services. Currently Alaska has only two active mobile crisis teams and no teams that focus on youth and families. Alaska's crisis continuum of care is characterized by an over-reliance on the use of emergency departments (ED). According to the Substance Abuse and Mental Health Administration (SAMHSA) National Guidelines for Behavioral Health Crisis Care-A Best Practice Toolkit, mobile crisis team care is one of the three essential elements of a crisis continuum of care which provides crisis care and linkage to services while avoiding unnecessary law enforcement involvement, use of emergency rooms, and psychiatric hospitalizations. Increasing mobile crisis outreach services in Alaska's crisis continuum of care is essential to providing individuals and families with the least restrictive evidence-based care and is a more cost-effective option than the use of EDs.

**Service Delivery Area:** Statewide

## Behavioral Health

### Permanent Supportive Housing- PATH

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act, AS 47.376 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-915 Alaska Civil Commitment Statutes, and AS 47.30.011-061 Alaska Mental Health Trust Authority.

**Description of Services:** Permanent Supportive Housing is a well-established Evidence-Based Practice characterized by the provision of comprehensive support services in inclusive community settings, combined with affordable rent options. It serves as a critical resource for individuals contending with behavioral health issues that have hindered their ability to maintain stable housing and integrate into the community successfully. Housing with integrated support acts as a dependable foundation for the journey to recovery, especially for those experiencing homelessness, residing in unnecessarily confined or segregated environments, or transitioning back to the community from institutional settings.

This grant program offers a wide range of active treatment services, including but not limited to: assertive outreach and engagement to bring individuals into services including camp outreach to homeless individuals; linkage to affordable housing and housing stability services; linkage to employment support services/job skills training; substance abuse treatment and coordination; linkage to mental health treatment and coordination; referral to primary care services; activities of daily living services and training; linkage to medication management and monitoring; referral detoxification services; relapse prevention and recovery planning; and illness management and recovery.

Projects for Assistance in Transition from Homelessness is a federal grant program under the Substance Abuse and Mental Health Services Administration (SAMHSA)'s Homeless Division. As such these funds can only be used as per the purpose and requirements of the SAMHSA Projects for Assistance in Transition from Homelessness program.

**Assessment of Need:** Individuals with physical or mental illness and substance use are highly represented in the chronically homeless population. One criteria of the Department of Housing and Urban Development definition of chronic homelessness is that the individual has a disability in addition to experiencing homelessness. Alaska participates annually in the nation Point in Time Count which uses surveys of people in encampments, homeless shelters, soup kitchens, etc. to estimate the number of homeless people in communities and nationwide.

This grant funding provides outreach and engagement to our most vulnerable individuals who are homeless. This is an activity that is not reimbursable though Medicaid but facilitates access to housing and treatment services, as well as providing assertive outreach activities that have been proven to reduce hospitalizations and incarcerations.

**Service Delivery Area:** Statewide.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Recidivism Reduction**

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs, 620 Community Mental Health Services Act, and 47.37 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** The Division of Behavioral Health's Recidivism Reduction Program is a comprehensive initiative aimed at reducing recidivism rates among individuals transitioning from incarceration to the community. Through a combination of case management, utilization of evidence-based Level of Service Inventory-Revised assessments, and collaboration with the Department of Corrections and community partnerships, the reentry program strives to enhance successful reintegration and promote long-term positive outcomes for reentrants.

**Assessment of Need:** Resources are needed to improve and enhance the quality of life for formerly incarcerated individuals and promote public safety by providing intensive case management services to address the underlying criminogenic factors that result in individuals recidivating.

**Service Delivery Area:** Statewide.

**RBB Framework:** Department Priorities

**Residential Care for Children and Youth**

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs, AS 47.40.011 Purchase of Services for Minors; AS 47.10 Children in Need of Aid; AS 47.12 Delinquent Minors; AS 47.14.100 Power and Duties of Department Over Care of Child; 7 AAC 50.100 Community Care Licensing

**Description of Services:** The Residential Care for Children and Youth program provides short-term, family-focused, residentially based emergent and ongoing residential care designed to provide a safe, supervised, therapeutic alternative to more restrictive levels of care, including but not limited to acute longer-term residential (psychiatric) or juvenile detention of youth with serious emotional disturbance.

Residential Care for Children and Youth services include emergency shelter, specialized residential care, staffed secure care, residential diagnostic treatment, and residential sex-offender treatment. Lengths of stay range from one day to approximately a year or more. A strong emphasis is placed on service delivery to children in their own communities whenever possible. Services are intended to achieve immediate and long-term solutions to family problems; promote the preservation, rehabilitation, and reunification of families to the extent possible; and to promote independence and the use of least restrictive alternatives. Services are provided for children and youth with behavioral health residential treatment needs, and to stabilize and assess for needs including the rehabilitation of juvenile offenders and treatment of victims of child abuse and neglect.

**Assessment of Need:** Under AS 47.14.100, the Department must arrange for the care of every child committed to its custody by placing the child in a foster home or in the care of an agency or institution providing care for children inside or outside the state. The same statute allows the Department to pay necessary costs to ensure adequate care.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

## **Behavioral Health**

### **Rural Human Service System**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** This program offers grants to rural substance abuse, mental health, behavioral health, and human services agencies, and to urban agencies serving people who are traveling or have relocated from rural areas. The program was developed in response to the critical need for a stable system of behavioral health providers in rural Alaska by hiring, training, supporting, and supervising culturally competent village-based counselors and counselors that serve relocated villagers. This program provides the opportunity for rural people to achieve their goal of helping their own people. Training is provided through the Rural Human Services Training Program in the University of Alaska College of Rural Alaska from one of its designated Rural Human Services campuses and supports a range of degree programs from a two-year certificate to Masters Degree of Social Work.

**Assessment of Need:** This program seeks to address the problem of scarcity of counseling and crisis intervention resources in the villages of rural Alaska and to reduce the costly reliance on itinerant service providers and employees who come from outside of a community, only to stay a year or less. The goal of the project is to ensure there is "a counselor in every village" as well as secondary behavioral health specialists where needed to provide continuity of care and consistency in community-level services.

**Service Delivery Area:** Eligible applicants include rural substance abuse programs, community mental health centers, and other human services agencies, and to urban agencies serving people who have relocated from rural areas.

**RBB Framework:** Department Priorities

**Rural Human Service System**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>

**Total Program Grant Award    \$878,968.81**

**Behavioral Health  
Rural Peer Support**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.520-620 The Community Mental Health Services Act; AS 47.30.520-620 (Community Mental Health Services Act), and AS 47.376, Uniform Alcoholism and Treatment Act.

**Description of Services:** This program will expand and implement community-based peer support services into rural areas across the state. This would integrate peer support into community mental health centers and clinics in rural areas to add to their existing service delivery system. The intent is to promote growth and institutionalization of peer support in behavioral health systems outside Anchorage, Juneau, and the Fairbanks areas. The Division anticipates the following outcomes: increased number of peer support organizations actively serving members/individuals in rural communities, increase workforce in remote locations, and improved client quality of life outcomes for individuals engaged in peer support services. By having peer specialists, who are members of the communities in which they work; they are well positioned to provide culturally sensitive services to the population. Their understanding of their community allows them to develop close relationships with the people they serve, improving quality of care.

**Assessment of Need:** Peer support is a recognized best practice in behavioral health. Peer support is an evidence-based practice for individuals with mental health conditions or challenges. Both quantitative and qualitative evidence indicate that peer support lowers the overall cost of mental health services by reducing re-hospitalization rates and days spent in inpatient services, increasing the use of outpatient services. Individuals who have completed treatment or are successfully managing their recovery are often very successful in engaging and supporting their peers in the recovery process. This prevention program aims for peer support professionals to engage clients in recovery and assist with navigating treatment options within the community. Having trained peer support workers in rural areas would also help alleviate the workforce issues faced in remote areas of the state.

**Service Delivery Area:** Rural locations, other than Anchorage, Juneau, and Fairbanks.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

## Behavioral Health

### State Opioid Response: Recovery Housing

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620. Community Mental Health Services Act, AS 47.30.655-.915. Civil Commitment Statutes, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, 7 AAC 10.930. Request for a Variance

**Description of Services:** The intent of State Opioid Response – Recovery Housing is to increase the number of recovery housing options across the state for individuals with an Opioid Use Disorder, or at risk of an Opioid Use Disorder. The program will expand the operations of recovery residences and develop a standard under which they will operate, to include the establishment of up to six residencies statewide. Funds will be awarded to support the operations of houses including but not limited to rent, utilities, and basic supplies for residents. Grant projects will be expected to address fiscal, operation, recovery supports, property, and good neighbor standards.

**Assessment of Need:** Alaska had 253 drug overdose deaths in 2021, compared to 146 in 2020. That represents an overdose death rate of 35.2 deaths per 100,000 people in 2021, compared to an overdose death rate of 20.2 deaths per 100,000 people in 2020. In 2021, the overdose death rate for men was 42.9 deaths per 100,000 people, while the rate for women was 26.9. Alaska had 196 opioid overdose deaths in 2021, which was an increase from 102 in 2020. That includes 145 deaths that involved fentanyl. Fentanyl was involved in 58 deaths in 2020. Methamphetamine was involved in 154 overdose deaths in 2021, up from 62 in 2020. Individuals who complete treatment are often unable to find affordable housing in an environment which supports their recovery. Outcome studies show the longer an individual remains in a treatment or recovery environment, the greater their chances of sustaining long-term recovery. Recovery housing is associated with numerous positive outcomes including decreased substance use, reduced probability of relapse, lower rates of incarceration, higher income, increased employment, and improved family functioning.

**Service Delivery Area:** Statewide.

**Behavioral Health  
Supported Employment**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act.

**Description of Services:** This is an evidence-based program funded with General Fund/Mental Health. Its primary goal is to foster self-sufficiency among adults experiencing severe mental illness and/or co-occurring substance abuse disorders. The approach of Supported Employment revolves around swiftly securing employment opportunities that align with an individual's preferences and abilities, ensuring fair wages, and providing ongoing support tailored to the individual's specific needs and desires.

**Assessment of Need:** Supported Employment represents a well-established best practice, supported by substantial research that underscores the connection between employment and recovery from severe mental illnesses. Within this initiative, employment services have been designed and refined to boost client participation in supportive employment activities. The primary aim is to empower individuals to achieve greater independence, enhance their overall quality of life, and secure employment that not only benefits them but also contributes positively to their families and the broader community.

**Service Delivery Area:** Statewide.

**Total Program Grant Award    \$ 662.675.00**

**Behavioral Health  
Therapeutic Court**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** Under the Therapeutic Court Program, the agency provides a range of services integrating behavioral treatment, sanctions, and incentives with case processing. The focus is on a high-risk population of chronically dependent clients and/or individuals with a co-occurring mental health disorder.

**Assessment of Need:** The Therapeutic Court Program seeks to solve underlying problems that generate repeated encounters with the criminal justice and behavioral health system. In a 2007 report, Criminal Recidivism in Alaska, the Alaska Judicial Council found that graduates of therapeutic courts were rearrested and re-convicted far less frequently than comparison offenders. In the study, the Council followed graduates for one year after they completed their program and a comparison group of offenders for one year after they were released from serving their sentence.

**Service Delivery Area:** The service areas and communities to be served are primarily Anchorage, Bethel, Fairbanks, Juneau, Ketchikan, and Matanuska-Susitna Borough, and may include outreach to other communities seeking to establish a therapeutic court program locally. Individuals receiving services will be referred by the Therapeutic Courts.

**RBB Framework:** Department Priorities

**Therapeutic Court**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>

**Finance & Management Services**

**Community Initiative Matching Grants**

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Community Initiative Matching Grants provide essential human services in close alignment with those of the Human Services Community Matching Grants. Community Initiative Matching Grants favors very basic essential human services: homeless shelters; soup kitchens and food banks; non-residential emergency shelters; outreach to homeless/homeless find; distribution centers for essential items such as sleeping bags and cold weather gear; and transportation vouchers/services supporting access to basic essential services and medical providers.

**Assessment of Need:** Program services are essential, mirroring the Human Services Community Matching Grants definition in AS 29.60.650(1): lack of availability would subject persons needing the services to serious mental or physical hardship. The target population consists of families and individuals in need.

**Service Delivery Area:** Statewide, excluding those areas statutorily eligible for Human Services Community Matching Grants: Municipality of Anchorage, and the Fairbanks North Star and Matanuska-Susitna Boroughs.

**RBB Framework:** Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.2 Protect Vulnerable Alaskans

**Services**

**Human Services Community Matching Grants**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 29.60.600 - 650

**Description of Services:** The Human Services Community Matching Grants, in accordance with AS 29.60.600, provide for essential human services. Essential human services are those defined as "social services" in AS 47.75.060, except that they include only services whose unavailability would subject persons needing the services to serious mental or physical hardship.

**Assessment of Need:** Per AS 29.60.600 each eligible political subdivision of the state will carry out a needs assessment to prioritize the proposed services and will consult with a citizens' advisory group in consideration of services to be obtained under subawards. Applicants are required to demonstrate that services provided under subawards are essential as statutorily defined.

**Service Delivery Area:** AS 29.60.650 restricts eligibility to cities with populations greater than 20,000; unified municipalities with populations greater than 100,000; and second class boroughs with populations greater than 65,000. Population is determined by the Department of Labor and Workforce Development, Research and Analysis Section. The Municipality of Anchorage, and the Matanuska-Susitna and Fairbanks North Star Boroughs are currently eligible.

**RBB Framework:** Department Priorities

**Public Assistance**  
**Alaska Food Coalition**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.27 Alaska Temporary Assistance Program

**Description of Services:** The Alaska Food Coalition (AFC) program plays a role in national hunger advocacy through education on hunger and good nutrition through the Supplemental Nutrition Assistance Program (SNAP), Senior Benefits, and Alaska Temporary Assistance Program outreach. The program provides information about services and benefits to potentially eligible low income persons and families, which includes screening for eligibility, providing assistance with gathering documents, and completing applications. The grantee will also procure food and commodities for nutrition education classes and help feed hungry Alaskans year-round, with a special effort made during the holidays.

**Assessment of Need:** Alaska's poverty rate is 10.2% and the national average for childhood poverty in Alaska reports that 1 of every 7 children lives in poverty. Over 200 communities will benefit from the Alaska Food Coalition program. Populations and poverty levels will be used as a guideline to target those in need.

**Service Delivery Area:** SNAP Outreach services will be administered statewide.

**RBB Framework:** Department Priorities

**Child Care Licensing**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.32.030 Powers of the Department, Delegation to a Municipality, AS 29.10.010 Municipal Charter Adoption, AS 29.35.200 First Class Borough Powers

**Description of Services:** Child Care Licensing Program services include: recruiting, licensing, monitoring, and providing information and technical assistance to individuals/applicants interested in becoming licensed, and licensed child care facilities within the Municipality of Anchorage (MOA); processing applications for licensing; processing exempt from licensing applications; determining qualifications and eligibility of the child care administrator; obtaining valid criminal history and child protection check results on child care facility staff; completing announced and unannounced provisional, annual, health and safety monitoring, and renewal inspections of child care facilities; conducting investigation procedures for licensed and approved child care facilities, facilities exempt from licensing, and facilities operating illegally within the MOA; and finalizing administrative hearing practices for the child care facilities within the MOA.

The department retains overall responsibility for the management of child care licensing efforts in the state. This involves promulgating rules and regulations governing the program, overseeing the expenditure of funds by the grantee, monitoring services, and ensuring the grantee operates within their scope of work. The Municipality of Anchorage promulgates municipal child care codes that, at a minimum, must meet state regulations.

**Assessment of Need:** The intent of the Child Care Licensing Program is to reduce the risk of predictable harm to children and support services to child care providers. In accordance with AS 47.32.030, the department may delegate its powers relating to licensure of child care facilities to a municipality that has adopted an ordinance providing for child care licensing under the home rule powers under AS 29.10.010 or as authorized under AS 29.35.200-29.35.210. These powers have been delegated to the Municipality of Anchorage since 1998.

**Service Delivery Area:** Municipality of Anchorage (MOA)

**RBB Framework:** Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

**Child Care Resource and Referral**

**Granting Authority:** 7AAC 78 - Grant Programs,

45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25.001 Day Care Assistance and Child Care Grants

**Description of Services:** Grant program services include supporting families through the operation of a child care referral and providing consumer education services. Supporting existing and prospective programs that care for and educate children through professional development, technical assistance, and increasing quality. The grant program will support the Child Care Program office in its mission to increase the availability, affordability, and quality of child care. Collaborating with early childhood partners and the public in advancing child care goals. Supporting the early care and learning system by strengthening collaborations, managing Learn & Grow, Alaska's Quality Recognition and Improvement System, and Alaska's System for Early Education and Development.

**Assessment of Need:** The Department of Health receives federal Child Care and Development Funds. A portion of these funds are used to improve the quality of child care within the State, through the Child Care Resource and Referral grant. Child Care Resource and Referral is engaged in: Referral services to families seeking child care; Professional development training and technical assistance for child care providers; Consumer education to parents and the public; Increasing child care infrastructure; Increasing the quality of child care programs; and, Supporting Alaska's Early Learning System.

**Service Delivery Area:** Statewide.

**RBB Framework:** Department Priorities

**Public Assistance**

**Commodity Supplemental Food**

**Granting Authority:** 7AAC 78 - Grant Programs,

Federal Regulation 7CFR Part 247; Commodity Supplemental State Plan; 7AAC 78.

**Description of Services:** Commodity Supplemental Food Services provide increased access to nutritious foods for low-income elderly over age 60 through distribution of commodity foods, as well as providing information about those commodity foods, general nutrition education, and referrals to other health resources.

**Assessment of Need:** Low income senior citizens in Alaska are at a nutritional risk because they may not get enough food to eat. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining the percentage of seniors whose income is 130% of the federal poverty level (FPL).

The USDA has permitted the expanded threshold of 150% poverty level (up from 130% FPL) for the CSFP income guidelines, which can be implemented in January 2025 or later. The State of Alaska plans to utilize this increase in FPL threshold prior to or on July 1, 2025 for the beginning of the SFY26 grant cycle.

**Service Delivery Area:** Anchorage, Mat Su Valley, Kenai Peninsula, Fairbanks, Southeast Alaska, and some outlying communities when transportation is donated or otherwise provided through in-kind support.

## Public Assistance

### Head Start Stabilization Grant

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** The goal of this project is to provide stabilization funding to all of the federally funded Head Start organizations in Alaska through the Alaska Head Start Association. The Alaska Head Start Association (AHSA) is the only professional Head Start organization that can accept and distribute funds on behalf of the State of Alaska. Funding for this project originates from the federal Preschool Development Grant, administered by the Department of Health, Division of Public Assistance, Child Care Program Office. During the course of the pandemic, child care providers were provided federal relief funds to assist in stabilizing their programs. Head Start programs were not eligible for these funds, thus not having the same opportunities to stabilize from the effects of the pandemic.

The Department of Health is actively partnering with Department of Education and Early Development (DEED) to implement the federal Preschool Development Grant. In alignment with the goals of this federal grant, they have identified a federally approved activity and budget to focus support to Head Start organizations in building child care partnerships. The first step in this activity is to provide stabilization funds to the current Head Start grantees.

Providing stabilization funding will allow for the Head Start grantees to stabilize their programs from the challenges brought on by the pandemic. As a result, they will be more likely to have the capacity and funding to participate in planning and activities that will lead to the development of Head Start/child care partnerships. Without the opportunity to stabilize, there is no capacity to engage in planning, designing, or implementing partnerships moving forward- which lead to a robust mixed delivery system.

Head Start and child care programs are both experiencing issues of hiring and maintaining a trained workforce. Head Start organizations and some child care entities are also experiencing under enrollment in their respective programs due to the workforce issues. This places both programs at risk for shutting down classrooms which would reduce access to families overall. These types of partnerships would be a long-term solution for both program types.

Historically, Head Start organizations have preferred to pursue partnerships with School Districts but not local child care entities. This project will be an incentive to build these partnerships, which would allow both the child care entity and Head Start organizations eligible to apply for federal Head Start expansion grants for long-term sustainability.

**Assessment of Need:** Head Start programs have served Alaska since 1965. Currently there are 17 grantees who receive direct federal to local funding. These 17 programs are a part of the Alaska Head Start Association, which is an affiliate of National Head Start Association. AHSA is dedicated to strengthening early learning programs through advocacy, education, and leadership.

DEED acts as a state oversight agency and provides programs supplemental funding to meet their non-federal share requirements. DEED receives the Head Start Collaboration Grant, which provides funding for a Head Start Collaboration Office to act as a liaison between the Head Start programs, the state, and the federal offices. As part of the 2022-2027, one of the grant priorities was to encourage Head Start and Childcare partnerships. The Head Start Collaboration grant also provides funding for an administrative assistant for the Alaska Head Start Association.

The federal Preschool Development Grant is a 3 year grant, and the Department of Health have just begun year 2. Activities and budget set aside relating to this work were listed in year 1. Due to unanticipated circumstances, the Department is already behind in the grant schedule for beginning this project.

**Service Delivery Area:** Statewide

**RBB Framework:** Not applicable.

**Head Start Stabilization Grant**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>
Head Start Stabilization Grant	Alaska Head Start Association	Statewide	Statewide	99	164-275-25001	\$2,000,000.00

**Total Program Grant Award    \$ 2,000,000.00**

**Public Assistance**

**Native Employment Work Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.27 Alaska Temporary Assistance Program, AS 47.27.50 Grants and Contracts for Services, and AS 47.27.070(a)(2) Alaska Native Organizations' Family Assistance Programs in alignment with Sections 419 and 412 of The Act and federal regulations at 45 CFR 286.5 and 45 CFR 287.

**Description of Services:** This grant provides funding to develop work experience opportunities in remote villages, increasing program capacity to support Alaska Temporary Assistance Program Work Services participants as they prepare and engage in work and work experience placements.

**Assessment of Need:** The Administration for Children and Families sets standards for parents receiving Temporary Assistance for Needy Families benefits for participating in work or community work experience activities and the hours of participation. States that don't meet the federally mandated participation rate targets are subject to financial penalties; this grant will help avoid significant financial penalties. Families in remote villages outside the central hub communities have very limited opportunities for potential work experience placements and other activities that meet the Federal definition of "countable" towards the mandatory participation rate.

**Service Delivery Area:** Rural villages located within the Nome census area with the exception of the City of Nome which is currently served by the State Public Assistance office.

**RBB Framework:** Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.1 Strengthen Alaska Families
- 3.2 Protect Vulnerable Alaskans

**Native Employment Work Services**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>

**Total Program Grant Award    \$ 373,573.00**

**Public Assistance**

**Native Family Assistance**

**Granting Authority:** 7AAC 78 - Grant Programs,

7 AAC 78.020 – Limitation; AS 47.27.070 – Alaska Native Organizations’ Family Assistance Programs; AS 47.27.200 – Alaska Native Family Assistance Grants; AS 47.27.300 – Regional Public Assistance Programs; 42 U.S.C. 619(4)(B) – Special Rule for Indian Tribes in Alaska; 42 U.S.C. 604 – Use of Grants; 42 U.S.C. 612 – Direct Funding and Administration by Indian Tribes; and federal regulations at: 45 CFR 263 and 45 CFR 286.

**Description of Services:** Native Family Assistance Program (NFAP) grants are used to augment federal Tribal Temporary Assistance for Needy Families (TANF) funds and comprise a significant portion of Alaska’s TANF Maintenance of Effort (MOE) requirement. The Native Family Assistance Program grants will be used by eligible grantees in accordance with state Temporary Assistance for Needy Families regulations. Native Family Assistance Program grants are primarily used to pay cash benefits directly to needy families, assisting them in moving from reliance on welfare to self-sufficiency through employment, cash assistance, supportive services, diversion payments, and associated case management services.

**Assessment of Need:** Tribal organizations receive federal Temporary Assistance for Needy Families funding based on Alaska’s 1994 Aid to Families with Dependent Children caseload and expenditure data for Native Alaskan / American Indian families residing in the service area of the eligible Tribal entity. The Native Family Assistance Program grants are needed to supplement the federal Temporary Assistance for Needy Families funds and help to make the Tribal Temporary Assistance for Needy Families Programs, ‘comparable’ to the State of Alaska’s Alaska Temporary Assistance Program.

**Service Delivery Area:** Service areas are defined by the boundaries of each of the eligible Alaska Native entity’s responsible for the administration of a Native Family Assistance Program and are included in their federally approved Tribal Family Assistance Plan.

**RBB Framework:** Department Priorities

**Public Assistance**

**Special Supplemental Nutrition Program for Women, Infants and Children (WIC)**

**Granting Authority:** 7AAC 78 - Grant Programs,

USDA Regulations 7 CFR Part 246

**Description of Services:** The Special Supplemental Nutrition Program for Women, Infants and Children (WIC) is a federal assistance program of the Food and Nutrition Services (FNS) under the United State Department of Agriculture (USDA) which provides nutrition assessment services, nutrition education, breastfeeding support, free nutrient-rich foods and community referrals to low-income pregnant women, infants and their mothers, and children up to their fifth (5th) birthday who are found to be at nutritional risk.

Mother to mother support has been shown to be one of the most successful approaches to promoting breastfeeding. The WIC Breastfeeding Peer Counseling program (BFPC) is a targeted approach to provide mentorship on breastfeeding and encourage WIC participants to breastfeed.

**Assessment of Need:** Pregnancy and early childhood are critical periods of growth and development. By providing access to healthy foods, nutrition education and breastfeeding support, the WIC program improves the health of nutritionally at risk, low-income women, infants, and children. Research has shown that participation in the WIC program results in longer pregnancies, fewer premature births, fewer infant deaths, and savings in health care costs from \$1.77 to \$3.13 for every one dollar spent on WIC services.

WIC services have been available to eligible families throughout Alaska for decades. In 2014 the WIC service delivery model was changed to limit the number of WIC grantees to one grantee per Service Area with the aim of streamlining WIC services for increased efficiency. Conversely, though the number of eligible WIC participants has remained relatively stable around 30,000 individuals, actual WIC enrollment has dropped from approximately 20,000 in SFY 2014 to less than 15,000 in 2021, a decline in participation of more than 25%. The WIC program intends to improve quality and accessibility by: 1) increasing the number of WIC grantees in Service Areas with more than 2,500 potential eligible participants and 2) encouraging co-location of WIC clinics with healthcare providers.

**Public Assistance**

**Supplemental Nutrition Assistance Program Education**

**Granting Authority:** 7AAC 78 - Grant Programs,

7 CFR 272.2(e) Supplemental Requirements

**Description of Services:** The Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296), section 241, established the Supplemental Nutrition Assistance Program - Education (SNAP-ED) as the Nutrition Education and Obesity Prevention Grant Program. Activities must be evidenced-based and delivered through or group-based strategies, comprehensive multi-level interventions, and/or community and public health approaches. SNAP-ED efforts also address environmental and policy-level interventions. National, State, and local coordination and collaboration is strongly encouraged and recommended.

**Assessment of Need:** In an effort to expand activities, leverage limited funding by identifying communities with limited access to health or physical information, and reduce prevalence of obesity in low-income areas, SNAP-ED was incorporated into Family Nutrition Programs. A needs assessment was conducted to recommend best strategies of delivering the nutrition messages.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

**Granting Authority:** 7AAC 78 - Grant Programs,

42 USC 601 Block Grants to States for Temporary Assistance to Needy Families, PL 104-193 Personal Responsibility and Work Opportunity Reconciliation Act of 1996, AS 47.27 Alaska Temporary Assistance Program.

**Description of Services:** The Transportation Services Grant Program is designed to provide transportation support to Alaska Temporary Assistance Program clients who need the service to pursue work and other activities that help move them toward self-sufficiency.

**Assessment of Need:** Accessible, reliable transportation remains out of reach for many of Alaska's Temporary Assistance clients. The Kenai and Matanuska-Susitna communities have limited resources to devote toward public transportation and need alternatives for families unable to afford a vehicle for personal use. This grant will help Alaska Temporary Assistance Program clients meet their transportation needs.

**Service Delivery Area:** Two grants will be funded: one in the Matanuska-Susitna Borough area and one in the Kenai Peninsula area.

**RBB Framework:** Department Priorities

**Total Program Grant Award    \$ 150,000.00**

**Public Health**

**Anchorage Project Access**

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Nationally, Project Access is a proven program for health care delivery for the uninsured in which health care practitioners provide free care to a limited number of low-income, uninsured individuals each year, improving health outcomes and reducing emergency room charity care costs. Patients are screened for income eligibility and cannot be eligible for other health care programs.

**Assessment of Need:** Based on findings from the 2020 County Health Rankings found that 11% of Anchorage and 13% of Mat-Su, residents under age 65 had no health care coverage.

**Service Delivery Area:** Anchorage and Mat-Su

**Total Program Grant Award    \$250,000.00**

**Public Health**

**Community Health Centers - Senior Access Program**

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** The goal of the Community Health Centers - Senior Access Program (CHC-SAP) is to increase access and delivery of primary care to Alaska seniors (persons age 65 years and older) through Alaska's Community Health Centers (CHCs). Funding is to help alleviate strain on Community Health Centers resulting from medical homes for seniors who have been refused care by private practice physicians due to low Medicare reimbursement rates.

**Assessment of Need:** In this current and growing primary care crisis for seniors with Medicare as primary insurer, seniors are being refused care by physicians due to Medicare's low reimbursement rate. In some parts of Alaska, Community Health Centers are often the only providers available and/or willing to see Medicare patients. During the 2016-2017 grant years, 9,455 Medicare enrollees (approximately 11.3% of Alaska's Medicare enrollees) received services through the Senior Access Program provided by more than 13 Community Health Centers throughout the state.

**Service Delivery Area:** Statewide by catchment areas of participating Section 330 Community Health Centers.

**RBB Framework:** Department Priorities

- 2 Health Care Access, Delivery & Value

Department Core Services

- 2.2 Facilitate Access to Affordable Health Care For Alaskans

## Public Health

### COVID Health Equity Project Funding and Technical Assistance

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** The purpose of this grant program is to fund applicants to provide subawards and technical assistance to community-based organizations to address COVID-19-related health disparities, reduce gaps, and advance health by expanding capacity and services to prevent and control COVID-19 infection (or transmission) among populations at higher risk and that are underserved, including racial and ethnic minority groups and people living in rural communities. This project is funded by the Division of Public Health through a cooperative agreement from the Centers for Disease Control and Prevention. This funding seeks to provide outreach, technical assistance, and direct funding to community-based organizations who can work towards these goals in Alaska communities.

**Assessment of Need:** Coronavirus disease 2019 (COVID-19) has disproportionately affected populations who are at higher risk and are medically underserved, including racial and ethnic minority groups, and people living in rural communities who are at higher risk of exposure, infection, hospitalization, and mortality. Additionally, racial, and ethnic minority groups and people living in rural communities have disproportionate rates of chronic diseases that increase the severity of COVID-19 infection and might experience barriers to accessing testing, treatment, or vaccination against the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), which causes COVID-19. To reach populations at higher risk, underserved, and disproportionately affected, including racial and ethnic minority groups and people living in rural communities, it is critical to implement a coordinated and holistic approach that builds on culturally, linguistically, and locally tailored strategies and best practices to reduce COVID-19 risk.

**Service Delivery Area:** Statewide

**RBB Framework:** Not applicable.

**Public Health**

**Emergency Medical Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs; AS 18.08.010

**Description of Services:** Under this program, grantees serve as the regional lead and support in the development, implementation, and maintenance of a statewide comprehensive emergency medical services system. Grantees identify and prioritize regional Emergency Medical Services (EMS) training, testing, and other Emergency Medical Services system development services through input from the State, Emergency Medical Service providers, physicians, medical directors, and other health organizations, as well as communications experts, with the goal of maximizing the availability and quality of emergency medical services.

**Assessment of Need:** The Emergency Medical Services (EMS) regional grant program supports EMS services through specialized training and assisting with new and ongoing certification of EMS providers; ensuring accurate and complete data submission critical to quality improvement and needs assessments; performance improvement on targeted performance measures; through development of the EMS continuum of care and specific efforts such as strengthening regional medical direction and integration of the trauma system; and through participation in the EMS and community aspects of disaster planning.

### Family Navigation (formerly Parent Navigation)

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** The Division of Public Health (DPH), Section of Women's Children's and Family Health's (WCFH), Children and Youth with Special Health Care Needs (CYSHCN) programs work in collaboration with specialty medical providers to provide gap-filling and supportive services for children and families. Parent Navigation services "bridge the gaps" between CYSHCN families and the healthcare system. Parent Navigation links families with trained parents, advocates, or professionals who have experience with supporting families with children with special health care needs to enhance the quality of services provided to families and decrease the time it takes to access these important services.

**Assessment of Need:** Families frequently use Parent Navigation at points of transition or challenge: when receiving a diagnosis, when looking for the right provider, if there is an issue in school, or when preparing to transition out of school. Parent Navigation is instrumental in helping families support their newly diagnosed child. It is required for follow up efforts and resource connection. Resources in Alaska vary by region and are not always accessible to families. Children with special health care needs require individualized support in all the environments (school, home, etc.), and their families carry the burden in ensuring that these supports and needs are met. Parent Navigators meet with each family as needed and guide the family to both identify and access the supports that they need for their child. Parent Navigation considers the family as a whole and not just the needs of the individual child. Parent Navigators familiarize you with available options by offering specialized information, support, training, and community resources based on each family's unique needs. With first-hand knowledge of programs and services throughout the community, Parent Navigators act as a reference and guide.

- Parent Navigation services are provided at no charge to families.
- Parent Navigators stay involved as long as parents want them to. Parents can come back whenever you need support.
- Parent Navigation is available for families caring for a child with special needs from birth to age 26.

**Service Delivery Area:** Services are currently available statewide through clinics held in Anchorage and Fairbanks for cleft lip/palate, and several communities around the state for autism and fetal alcohol spectrum disorders. There are no formal clinics for hearing screening at this time.

**RBB Framework:** Department Priorities

**Family Navigation (formerly Parent Navigation)**

**HIV Care**

**Granting Authority:** 7AAC 78 - Grant Programs,

P.L.114-198 Public Health Services Act, sections 2611-23; and AS 44.29.020.

**Description of Services:** The State uses these funds to provide grants to community agencies enhancing access to a comprehensive continuum of high quality, community-based care for low-income individuals living with HIV. Services provided by grantees include: 1) medical case management; 2) purchase of high-priority outpatient medical/dental and 3) supportive services.

**Assessment of Need:** Many individuals living with HIV have limited financial and social resources for addressing medical and other needs associated with HIV. The HIV Care Program helps people living with HIV enter and stay in medical care and access services they cannot otherwise afford.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

**Public Health**  
**HIV/AIDS Prevention**

**Granting Authority:** 7AAC 78 - Grant Programs,

Public Health Service Act, Section 201, 42 U.S.C. 241; Alaska HIV Prevention Plan, AS 44.29.020.

**Description of Services:** Services will impact HIV prevention, diagnosis, and surveillance along the HIV care continuum, including: 1) HIV prevention services, 2) HIV testing, 3) linkage to medical care for persons newly diagnosed with HIV, 4) retention in medical care for persons living with HIV, and 5) HIV status neutral care. As this grant is fully funded by the Centers for Disease Control and Prevention (CDC), all program services and interventions must be allowable under the Federal HIV Prevention funding opportunity announcement and are subject to change based on Federal requirements. Recommended interventions by the CDC may include activities such as promotion of bio-medical HIV prevention services; condom distribution; HIV testing; prevention with positives; systematically collect, analyze, interpret, and disseminate HIV data. Services which impact HIV prevention and testing at the health systems level may also be implemented.

**Assessment of Need:** Using epidemiological data, the HIV/STD Program has identified populations at increased risk for acquiring HIV in Alaska, including men who have sex with men, injection drug users, and high-risk heterosexuals. These populations are outlined in the epidemiological profile of Alaska's 2022-2026 Integrated HIV Prevention and Care Plan and have been approved by the Alaska Integrated HIV Advisory Group. Grant services will target the priority populations identified by the HIV/STD Program, as well as other priority target populations that may be identified and required by the CDC.

## Public Health

### Opioid Settlement Grants

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 44.29.020(a)(17), Duties of the Department

**Description of Services:** The Division of Public Health will use opioid settlement funds to support the Statewide Opioid Settlement Grant Program. Funding is to support prevention, treatment, harm reduction, and recovery activities across the state, as allowable and outlined by Exhibit E of the final settlement agreement.

The Division of Public Health expects to award up to three (3) grantees per each of the seven (7) Alaska Public Health Regions, for a total of 21 grantees. Additionally, one (1) statewide grant will be awarded to provide statewide support and offer smaller subawards to organizations who were unable to apply or not awarded funding through this opportunity.

Core Strategies are listed below, but a full list of allowable activities can be found in Exhibit E of the final settlement agreement.

#### **Upstream/Primary Prevention**

- Evidence-based prevention programs in schools
- Education to school-based and youth-focused programs
- Community drug disposal
- Provider education
- Media campaigns to prevent opioid misuse

#### **Treatment & Recovery**

- Distribution of medication assisted treatment (MAT) to individuals who are uninsured or whose insurance does not cover the needed service, including in correctional and emergency department settings
- Warm hand-off services
- MAT education and awareness training to healthcare providers, emergency medical technicians (EMTs), law enforcement, and other first responders
- Comprehensive wrap-around services to individuals in recovery, including housing, transportation, job placement/training, and childcare
- Evidence-based treatment and recovery support for neonatal abstinence syndrome (NAS) babies

#### **Harm Reduction**

- Naloxone training for first responders, schools, community support groups and families
- Naloxone distribution to individuals who are uninsured or whose insurance does not cover the needed service
- Comprehensive syringe service programs

**Assessment of Need:** In 2021, Alaska experienced the largest percent increase in overdose deaths of any state in the United States, losing at least 253 people to overdose, with 196 deaths attributed to opioid overdose. 150 or seventy-six percent (76%) of the deaths involved synthetic narcotics, a category that includes fentanyl. Of the 778 total overdose deaths that occurred between 2017–2021, fifty-eight percent (58%) involved drugs from more than one narcotic, sedative, or psychotropic category, including thirty-four percent (34%) that involved drugs from three or more categories.

The opioid settlement lawsuits filed against multiple manufacturers and distributors assert that their business practices were a major contributing factor to the U.S. opioid epidemic. In February 2022, a \$26 billion settlement was finalized between most states and local governments. Through the state and local government agreements, Alaska will receive approximately \$58.5 million over the next eighteen years. The Statewide Opioid Settlement Grant Program is a result of these settlements.

**Service Delivery Area:** The Statewide Opioid Settlement Grants will be divided across the seven (7) Alaska Public Health Regions, with up to three (3) grant awards per region at approximately \$428,571 per region.

- Region 1: Anchorage Municipality
- Region 2: Gulf Coast Region
- Region 3: Interior Region
- Region 4: Mat-Su Region
- Region 5: Northern Region
- Region 6: Southeast Region
- Region 7: Southwest Region

One (1) statewide grant for \$300,000 that is required to support statewide efforts in the areas of prevention, treatment, harm reduction, and recovery by providing subawards to entities who were not able to apply or were not funded through this competitive opportunity.

**RBB Framework:** Not applicable.

**Total Program Grant Award    \$ 2,821,218.71**

**Public Health**  
**Parents as Teachers**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 14.03.420 Alaska Reads Act

**Description of Services:** The Parents as Teachers (PAT) home visiting program uses an evidence-based model to deliver parent education services to eligible children, their parents and caregivers. Trained parent educators visit homes to support and build on parent and caregiver strengths, while teaching about optimal early childhood developmental learning. Grantees will be required to be a PAT Model affiliate or will complete a plan to become an affiliate in the first grant year. To become an affiliate, agencies must meet the essential components of the PAT model, which ensures each affiliate meets the minimum expectations for program design, infrastructure, and service delivery. Affiliates must also be able to offer all components of the PAT model, which includes personal visits, a resource network, group connections, and developmental screenings. Grantees will also be expected to maintain or achieve PAT National blue-ribbon status (the quality endorsement and improvement process) per the requirements of the model. All grantees must maintain active Ages and Stages Questionnaire (ASQ) Online accounts within the statewide ASQ Online system. For the purpose of program evaluation, a grantee must share data extracts from one of two approved PAT data systems as needed with the Department of Health, Division of Public Health, Section of Women's, Children's & Family Health in order to evaluate the efficacy of the program. Grantees must also share the annual performance report (APR) submission that is required by PAT National. Grantees will have more specific screening tool requirements beyond the PAT National listed options.

**Assessment of Need:** Grantee must support families with young children as they grow through the most critical stages of development. It is imperative that families increase their knowledge of early childhood development and improve their parenting skills. By following the Parents as Teachers home visiting evidence-based model, families receive four dynamic components to the Parent as Teachers model: personal visits; group connections; resource network; and child screening. Together these four components form a cohesive package of services with four primary goals; increase parent knowledge of early childhood development and improve parent practices; provide early detection of development delays and health issues; prevent child abuse and neglect; and increase children's school readiness and success.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

**Public Health**

**Positive Youth Development Afterschool Program**

**Granting Authority:** 7AAC 78 - Grant Programs,

In accordance with AS 44.29.020(a), the Department of Health is authorized to establish a youth services grant program.

**Description of Services:** The Positive Youth Development Afterschool Grant Program will fund community based and statewide prevention programs that enhance individual, family, school, and community protective factors to foster healthy youth development. While programs may provide a variety of programming to youth, a primary focus of programming will be to reduce initiation and promote quitting marijuana among youth.

**Assessment of Need:** This program utilizes a “More Matter’s” approach to support programs that improve resilience, build connectedness between youth and trusted adults, enhance individual, family, school, and community protective factors that foster healthy development, and reduce risk for substance use among youth. The more protective factors that a youth has in their life the greater likelihood that they will not engage in substance misuse.

This grant program will enhance external supports for youth like connections to trusted adults. Programming will provide youth with structured and safe opportunities to engage in peer-led, fun and culturally relevant activities during after school hours and expand external supports.

There is an association between the number of external supports a youth reports and current substance use. For example, 24% of youth who reported one external support used marijuana, while only 10% of youth who reported 5 external supports used marijuana.

The grant program will enhance internal strengths for youth. Programming will build on internal strengths or “resiliency” with youth. Internal strengths include the ability to control emotions and remain calm, and not feeling alone. Having more internal strengths is associated with less substance use. For example, 23% of youth who reported one internal strength used marijuana, while only 15% of youth who reported 3 internal strengths used marijuana.

Increasing knowledge about harms, and supporting families and peers to communicate positive norms, also helps to protect youth from using different substances. Roughly three in four Alaskan youth perceive that their parents disapprove of marijuana use. Yet fewer than half of youth believe their friends disapprove of marijuana use.

**Service Delivery Area:** Alaska Public Health Regions: Anchorage and Mat-Su, Gulf Coast, Interior, Northern, Southeast, and Southwest, and statewide option.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

**Public Health**

**Public Health Emergency Preparedness**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 44.29.020; PHS 309(A); 317(K)(1)(2); 319; 42 USC 241(A); 42 USC 247d-3a

**Description of Services:** Program services will achieve statewide public health and medical preparedness goals through the maintenance and increase of disaster and public health emergency preparedness, response, and recovery capabilities. Services include participation with the Division in ongoing statewide risk assessment and gap analyses, and the development and implementation of target capabilities identified by the Centers for Disease Control and Prevention (CDC). Target capabilities for healthcare system preparedness and recovery include, though are not limited to emergency operations coordination; information sharing; mass care; fatality management; volunteer management; responder safety and health; and medical materials management and distribution, including medical surge and dispensing of countermeasures.

**Assessment of Need:** Alaska's ability to effectively respond to large scale public health emergencies, natural disasters, and man-made hazards is imperative as the public health system plays a critical role in such emergencies. An effective, broadly developed and coordinated emergency response lessens the impact of such incidents and contributes significantly to community and individual resilience following such incidents.

**Service Delivery Area:** Service delivery is statewide.

**RBB Framework:** Department Priorities

**Public Health Emergency Preparedness**

## Public Health

### Public Health Nursing

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Public health nurses are expected to provide population and systems based health promotion and disease prevention services to communities and regions, and direct clinical preventive services to individuals and families. Services include prevention and control of infectious and non-infectious diseases through immunizations, screening, testing, treatment, contact investigation, education and outreach; public health emergency preparedness and response activities; outreach to families and children at medical and social risk; referral and linking of individuals and families with needed services; and direct provision of health services when they are otherwise unavailable.

**Assessment of Need:** Currently we do not have state-run public health centers in the proposed service delivery areas. Grants with the three governing bodies within these proposed areas are deemed the most effective and appropriate means of providing area-wide public health nursing services. A disruption in the delivery of these services would place residents at increased risk of infectious disease and would reduce preventive health services available to high-risk/medically underserved women and young children.

**Service Delivery Area:** The Municipality of Anchorage proposed service delivery area includes the Municipality of Anchorage and the Girdwood, Eagle River, and Chugiak communities. The North Slope Borough proposed service delivery area includes the community of Barrow and the villages of Atkasuk, Kaktovik, Nuiqsut, Point Lay, and Wainwright. The Maniilaq Association proposed service delivery area includes populations of the City of Kotzebue, and the villages of Ambler, Buckland, Deering, Kiana, Kivalina, Kobuk, Noatak, Noorvik, Selawick, Point Hope, and Shungnak.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 2.2 Facilitate Access to Affordable Health Care For Alaskans

**Total Program Grant Award    \$ 4,781,700.00**

## Public Health

### Teen and Unintended Pregnancy Prevention

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** In partnership with the Division of Public Assistance, the Division of Public Health's Adolescent Health Program will collaborate with communities experiencing high rates of teen and unintended births to reduce the number of these births and improve the family's opportunities to achieve self-sufficiency. Services are aimed at boosting community educator capacity, strengthening youth leadership and involvement, improving school district relationships, and increasing youth access to reproductive and sexual health services. Through this program Alaskans aged 10-25 years will gain access to sexuality education about unintended pregnancies using abstinence primary messaging, as appropriate. Grantees will work collaboratively with health care providers, health educators, violence prevention advocates, parents, and Alaskans 10-25 years old that could experience unintended pregnancies.

The goal is to also support community education on statutory rape, affirmative consent, youth friendly clinics, and positive youth development. This program will contribute to the efforts of improving youth health through decreased infectious disease, decreased teen/unintended pregnancy, and increased youth access to a medical home.

**Assessment of Need:** Both teen and unintended pregnancies are closely linked to a host of critical social issues that the Alaska Temporary Assistance Program aims to address, such as poverty, lack of education, high levels of relationship conflict and family turmoil, father absence, single parenthood, and various negative social, health, and economic outcomes for children born as a result of such pregnancies.

**Service Delivery Area:** The Municipality of Anchorage and the Lower Kenai Peninsula

**RBB Framework:** Department Priorities

**Teen and Unintended Pregnancy Prevention**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>
Anchorage, Municipality of	Anchorage	Anchorage	16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28	I/A Rcpts	161-285-25001	\$100,000.00

**Total Program Grant Award    \$ 200,000.00**

**Public Health**

**Title X Clinical Family Planning Services**

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Program services offer high quality, affordable, and confidential family planning and related preventive health services. Services will be provided on an as-needed basis, with a priority given to low-income individuals and families. This assistance must be provided in accordance with national standards of care and include, but are not limited to: comprehensive reproductive health exams; breast and cervical cancer screening; pregnancy testing, client-centered counseling, and referral for all pregnancy options; screening, counseling and treatment or referral for sexually transmitted infections and HIV; counseling for and provision of all Food and Drug Administration (FDA)-approved contraceptive products and natural family planning methods for clients who want to prevent pregnancy and space births; assistance to achieve pregnancy, including basic infertility services; and other preconception health services. In addition to clinical services, grantees must refer clients to other local agencies for any primary health care, clinical procedure, and screening or diagnostic tests that are not performed by the Title X-funded agency. The broad range of services paid for with Title X monies strictly prohibits abortion as a method of family planning. As a recipient of federal Title X funding the grantee must follow Title X policies and procedures for determining eligibility of clients for discounted services, as well as meeting the Title X Program and other state and federal requirements of a clinical health care services delivery site.

**Assessment of Need:** Many regions of the state, rural and urban, contain communities with high rates of teen and unintended pregnancies, due in large part to lack of reliable access to affordable, confidential family planning and related preventive health services. This procurement will explore the statewide interest, infrastructure capacity, and cost-effectiveness of providing Title X services from all eligible entities.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

**Public Health**

**Tobacco Prevention and Control (Community Based Grants)**

**Granting Authority:** 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs, AS 44.29.020; AS 47.05.010

**Description of Services:** Through recommendations in the Centers for Disease Control and Prevention's best practices for Comprehensive Tobacco Control Program the Tobacco Prevention and Control Community Grant Program is intended to: prevent initiation of tobacco use among youth, eliminate exposure to second-hand smoke, promote tobacco cessation among youth and adults, and identify and eliminate tobacco-related disparities.

The Tobacco Prevention and Control Program will offer grants under two different components. Component 1 grants will support health systems change for tobacco cessation by implementing or improving evidence-based screening and referral systems. Component 2 will support tobacco prevention policy implementation and regional coalition development. Depending on the component, each grantee will work to provide services in their region and collaborate with other Tobacco Prevention and Control funded agencies, contractors and partners.

**Assessment of Need:** Comprehensive Tobacco Prevention Cessation programs in communities across the state have demonstrated their efficacy to reduce death, disability, and economic burden caused by tobacco use.

**Service Delivery Area:** The Tobacco Prevention and Control Program will offer grants under two different components.

Service Delivery Area: Component 1 will fund up to seven grantees within health systems in Alaska to work on health systems change for tobacco cessation. Component 2 will fund up to one grantee per public health region in Alaska (Anchorage, Gulf Coast, Interior, Mat-Su, Northern, Southeast, Southwest) to support tobacco prevention policy and development or expansion of a regional coalition.

**Public Health**

**Tuberculosis and Congenital Syphilis Prevention Grants**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 44.29.020; AS 47.05.010

**Description of Services:** The Tuberculosis and Congenital Syphilis Prevention Grants are part of the Governor's Healthy Families Initiative. The initiative aims to reduce the incidence of tuberculosis and eliminate congenital syphilis over 10 years. The grants will increase capacity for screening and treatment in high-incidence regions of the state, engage communities and health care providers, complete community assessments, focus prevention efforts on the highest risk populations, and facilitate screening and treatment by addressing health related social needs such as temporary housing and transportation, as well as enhancing access to substance misuse services and mental health services.

**Assessment of Need:** Alaska has the highest rate of tuberculosis in the U.S. During the first half of the 20th century, an epidemic of TB devastated Alaska's indigenous peoples, who continue to bear a disproportionate burden of the disease. Alaska ranked in the top ten states nationally for sexually transmitted diseases in recent years and, since 2020, has seen the highest number of congenital syphilis cases ever recorded in the state.

**Service Delivery Area:** The Tuberculosis and Congenital Syphilis Prevention Grants will offer grants under two different components:

Component 1 will fund up to two grantees, one in each of two public health regions (Southwest and Northern) to focus on prevention of tuberculosis.

Component 2 will fund up to four grantees within the Anchorage public health region and up to two grantees in Fairbanks and/or Mat Su to focus on prevention of congenital syphilis and other sexually transmitted infections.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

## **Senior and Disabilities Services**

### **Adult Day Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

**Description of Services:** Adult Day Services provide an organized program of services in a facility-based group setting, including supervision and a secure environment for individuals who experience Alzheimer's Disease and Related Disorders, physical, emotional and/or other cognitive impairments. Services incorporate person-centered planning approaches in response to an evaluation of the person's functional health, social needs, and interests. Adult Day Services are non-residential and occur during part of a day but less than 24 hours per day.

**Assessment of Need:** Adult Day Services provide supervised care during the day to eligible individuals at risk for institutionalization. Services provide therapeutic activities and supports programs that maintain or increase optimal mental and physical functioning. Additionally, services provide respite to caregivers to support continuing care at home, forestalling or avoiding the need for institutionalization. Expansion of Adult Day Services is needed to meet the needs of the increasing number of seniors with Alzheimer's Disease and Related Disorders.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

**Senior and Disabilities Services**  
**Aging and Disability Resource Centers**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.24 Protection of Vulnerable Adults, AS 47.65 Service Programs for Older Alaskans and Other Adults, Federal Authorization: PL 101-508 codified at 42 USC 1395b-4, section 4360 of the Omnibus Budget Reconciliation Act of 1990, 7AAC 127.030 (b), and 7AAC 127.190 (12).

**Description of Services:** The Aging and Disability Resource Centers (ADRC) program serves as an unbiased resource for information and assistance related to long term services and supports to seniors, people with disabilities, and to their caregivers and families. Core functions include information, referral and assistance, options counseling, streamlined benefits screening, person-centered transition support, as well as outreach and training. Additionally, all individuals seeking Medicaid funded support through Senior and Disability Services (SDS) will be required to complete the Person-Centered Intake process through the ADRC program to help streamline the process.

In FY2022, the ADRCs took action to expand access to COVID-19 vaccines to serve all populations. Funding provided resources to activities related to vaccine access, such as, scheduling vaccine appointments, transportation to vaccine sites, direct support services needed to attend to attend vaccine appointments, connection to in-home vaccination options, and provided education to older adults and people with disabilities about the importance of receiving the vaccine. In addition, these funds enabled the aging and disability networks to identify people who were unable to independently travel to vaccination sites and provided technical assistance to local health departments on improving access to vaccines for people with disabilities and older adults. These services will continue into FY24.

The Division will solicit for an additional ADRC site as a mid-year solicitation in FY23.

**Assessment of Need:** As a result of the COVID-19 crisis, federal COVID Cares funding was awarded to the ADRC program in FY21 to cover costs associated with the pandemic.

With a growing senior population and rising costs for long term support services, the need for easily accessible, unbiased information, as well as expertise concerning available options and supported decision making, is an increasingly essential service. As SDS streamlines the process of accessing Medicaid funded services, the ADRC's will play an integral role in completing the person-centered intake form for each person seeking long term assistance. Beginning in FY2019, the ADRCs will serve as the entry point for all SDS Waiver services.

As the COVID-19 crisis continued into FY2022, additional federal funding was provided under the ADRC/NWD COVID-19 Vaccine Access Supplemental Funding program to all ADRCs to ensure all Alaskans had access to the COVID-19 vaccine.

These services will continue into FY24.

**Service Delivery Area:** ADRCs currently serve Anchorage, Kenai/Valdez/Cordova, Southeast Alaska, Bristol Bay/Kodiak, and the Matanuska-Susitna Borough. Additionally, in FY2019, the Fairbanks Northstar Borough was added as a service location.

**RBB Framework:** Department Priorities  
• 1 Health & Wellness Across the Life Span

Department Core Services  
• 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

**Senior and Disabilities Services**

**Alaska State School for Deaf and Hard of Hearing Student Life Program**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

**Description of Services:** The Alaska State School for Deaf and Hard of Hearing's Student Life Program provides outreach, transportation, and housing utilizing "host families" for students attending the Alaska State School for Deaf and Hard of Hearing. Additionally, the Student Life Center (SLC) supports the "host families" by providing training, assistance meeting licensing requirements, stipends, and respite. Services are provided 24 hours a day, seven days a week during the academic year.

**Assessment of Need:** Students from all over the state attend the Alaska State School for Deaf and Hard of Hearing. The Student Life Center provides essential services to ensure the students from rural areas can attend. The Student Life Center provides transportation and housing for students who attend and whose families reside in rural areas outside of Anchorage. In addition, the Student Life Center program also identifies "host families" in Anchorage who will provide a home-like environment to students while they are attending the school. The Alaska State School for Deaf and Hard of Hearing determines a child's needs and must refer the child to the program in order for the child to become a member of the Student Life Center family.

**Service Delivery Area:** The Student Life Center is located in Anchorage and serves students from all over Alaska.

**RBB Framework:** Department Priorities

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.05.010 Duties of Department, AS 47.45 Older Alaskans, AS 47.65 Service Programs for Older Alaskans and Other Adult

**Description of Services:** The Alzheimer's Disease and Related Disorders (ADRD) Education and Support Program provides statewide education and support services to people with Alzheimer's Disease and Related Disorders including Vascular Dementia, Parkinson's disease, Pick's disease, Huntington's disease, Lewy Bodies, HIV and alcohol related Dementia and others. Services help families and caregivers to maintain the Alzheimer's Disease and Related Disorders client at home, forestalling or preventing institutionalization. The scope of work includes education and dissemination of information about Alzheimer's Disease and Related Disorders to the general public, healthcare professionals, professional caregivers, agencies and organizations to increase awareness of Alzheimer's Disease and Related Disorders. Additionally, the program links caregivers and agencies with resources available in their area to continue caring for the individual with Alzheimer's Disease and Related Disorders in their home and community.

**Assessment of Need:** People with Dementia live an average of eight to ten years after diagnosis, and it is estimated that seven out of ten people with Alzheimer's Disease and Related Disorders live at home. Alzheimer's afflicts one in ten persons over age 65 and nearly half of all people over 85, and it is estimated that by 2025 Alaska will have approximately 12,000 individuals diagnosed with an Alzheimer's Disease.

**Service Delivery Area:** Statewide.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

**Behavioral Risk Management**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

**Description of Services:** As required by AS 47.80.100, the Department must, within the limits of appropriation, implement a comprehensive system of services and facilities dispersed throughout the state. The services required under this statute are specialized and directed towards addressing habilitation and crises needs of individuals with developmental disabilities.

This program provides wrap-around support interventions for adults with disabilities who have a history of victimization and remain at risk. Among the services provided are assessment, psychosocial skills training, socio-sexual skills training, clinical case management, and case consultation. Personal safety and risk reduction strategies are designed to assist individuals to live safely in their homes and communities. Behavioral risk management services are available for individuals with a history of inappropriate sexual behavior or victimization. Staff provide conference presentations, workshops, technical assistance and support, and are published writers in the area of disability and abuse.

**Assessment of Need:** Services are for individuals with developmental disabilities who display high risk or inappropriate behaviors and are at risk of institutionalization in corrections facilities, as well as individuals who, because of their disability, are more vulnerable to abuse. Training or support provided by this program must be accessible to direct service staff, school paraprofessionals, family members of people with disabilities, and other interested students in their home communities.

**Service Delivery Area:** Statewide

Title VII, Chapter I, Part B of the Rehabilitation Act, as amended by the Workforce Innovation and Opportunity Act (WIOA) of 2014; Alaska's State Plan on Independent Living (SPIL), Section 704 of the Rehabilitation Act, as amended, 29 U.S.C 796c(c). 34 CFR 364.1-364.57 and 34 CFR 365.1-365.32.

**Description of Services:** Centers for Independent Living are community based, cross-disability, non-profit organizations that are designed and operated by people with disabilities. Independent Living Centers provide five core services: 1) Individual systems advocacy, 2) Information and referral, 3) Peer counseling (including cross-disability peer counseling), 4) Independent living skills training, and 5) Transition services.

**Assessment of Need:** Centers for Independent Living provide expertise and assist individuals to live independently through the use of assistive technology, benefits counseling, job skill training, transportation, home and work accommodations, and other modifications.

**Service Delivery Area:** There are four designated Centers for Independent Living providing services throughout the state.

Southeast Alaska Independent Living serving Southeast Alaska.

Independent Living Center, Inc. serving Kenai Peninsula, Valdez, Cordova, and Kodiak.

Arctic Access serving Northwest Region including Kotzebue and Nome.

Access Alaska serving Anchorage, Mat-Su, Fairbanks and Interior.

**Senior and Disabilities Services**

**Deaf Navigator**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.05.010 (17) Duties of the Department and AS 47.65 Service Programs for Older Alaskans and Other Adults

**Description of Services:** The Deaf Navigator Program will provide a range of resources and services designed to improve long-term employment and housing outcomes to Alaskans who are deaf or hard of hearing. The program will provide assistance navigating and accessing available resources, coordinate siloed service systems for individuals with multiple disabilities, provide training to employers and service providers on deaf culture values, coordinate with the Division of Vocational Rehabilitation to maximize employment supports, and assist individuals who are deaf and hard of hearing in accessing and maintaining appropriate and affordable housing. The Deaf Navigator Program will coordinate with the Denali Deaf Council and other community programs to promote independence and advocate for the needs of individuals throughout the state who are deaf or hard of hearing. Additionally, the Deaf Navigator program will provide mini grants for interpretation services for individuals and nonprofit organizations to ease the burden of high cost of interpretation services.

**Assessment of Need:** Rates of homelessness, unemployment and incarceration of individuals who are deaf and hard of hearing have increased over the last six years due to the elimination of the Anchorage Deaf and Hard of Hearing Center. Deaf individuals report increasing difficulty accessing available resources, finding and maintaining employment and housing due to lack of understanding of complex systems and communication barriers. Paying for interpretation services is a financial burden that can exacerbate other challenges. Assistance with communication and coordinated service system supports can help ensure positive long term outcomes.

**Service Delivery Area:** Statewide

**Senior and Disabilities Services**

**Developmental Disabilities Resource Connection**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

**Description of Services:** The Developmental Disabilities Resource Connection (DDRC) (formerly Short-Term Assistance and Referral) Program provides information and assists individuals who experience developmental disabilities (DD) and their families with learning about and navigating various programs and services. The DDRC program serves as the entry point for families into the state's Medicaid Waiver developmental disability service system. DDRC programs explain the process and provide assistance to individuals and families completing the DD eligibility application, updating the Registration and Review form, completing Medicaid applications, and coordinating with other state and local programs.

Additionally, the DDRC program also provides access to Developmental Disability Safety-Net grant funds for the provision of direct services for those individuals who were previously being served with grants but were not eligible for Waiver services once the grant was discontinued. Stone Soup Group, the sole statewide DDRC provider, receives 100% of the DD Safety-Net funds and manages the program.

**Assessment of Need:** The DDRC program was developed to assist individuals and their families with navigating the multi-tiered application process so they can receive community based supports in the least restrictive environment. The DDRC Program navigators are specifically trained to provide access to necessary services in a timely manner.

**Service Delivery Area:** Statewide

**Early Intervention/Infant Learning Program**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.20.060-AS 47.20.290 (Special Services for Certain Children), 7AAC 023 (Programs for Handicapped Children); 34 CFR Part 303 (Early Intervention Program for Infants & Toddlers with Disabilities), P.L. 111-320 - (Child Abuse Prevention and Treatment Act)

**Description of Services:** The purpose of this grant program is to provide early intervention services to families of infants and toddlers (birth to third birthday) with disabilities and/or developmental delays to ensure improved outcomes and the development of natural supports for children and their families. Service delivery performance and program standards comply with the requirements of Part C the Federal Individuals with Disabilities Education Act. The Early Intervention/Infant Learning Program grantees will provide family-centered, home-based services that include developmental evaluation/assessments, service coordination, development of Individualized Family Service Plans, and educational and/or therapeutic services as determined by the Early Intervention/Infant Learning Program team.

**Assessment of Need:** Individuals with Disabilities Education Act requires that comprehensive early intervention services be available to eligible infants and toddlers and their families in all areas of the state. Approximately 3000 infants and toddlers are referred to the Infant Learning Program for services annually. The Child Abuse Prevention and Treatment Act, reauthorized with the enactment of the Keeping Children and Families Safe Act of 2010 (P.L. 111-320), requires referral of infants and toddlers to Part C early intervention who are: (a) The subject of a substantiated case of child abuse or neglect; or (b) Identified as directly affected by illegal substance abuse or withdrawal symptoms resulting from prenatal drug exposure.

## Senior and Disabilities Services

### EI/ILP Engagement Activities for At-Risk Children

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.20.060-AS 47.20.290 (Special Services for Certain Children), 7AAC 023 (Programs for Handicapped Children); 34 CFR Part 303 (Early Intervention Program for Infants & Toddlers with Disabilities), P.L. 111-320 - (Child Abuse Prevention and Treatment Act, CAPTA); 20 AAC 40.100 (Administration and operation of MHTAAR money).

**Description of Services:** This project will focus on the development and utilization of engagement and intake strategies which will increase the success of Early Intervention/Infant Learning Program (EI/ILP) projects in engaging highly stressed caregivers in intake, screening and evaluation activities, and enrollment in EI/ILP services, if eligible. This project will work to remove barriers to participation by tailoring family engagement strategies for this group of children and families. These pre-enrollment activities will be designed to increase engagement of this often transient and reluctant group of families who have children who are at increased risk of developmental delays, disabilities, and early mental health/social emotional concerns. Target population for this project include infants and toddlers, ages birth to three years, who experience social, environmental and prenatal risk factors which put them at high risk of experiencing a disability. This includes Homeless children, and Child Abuse Protection and Treatment Act (CAPTA) referrals of children under the age of three who were the subject of a substantiated case of child abuse or neglect.

**Assessment of Need:** Approximately 25% of referrals into the Alaska Early Intervention/Infant Learning Program are for families involved in the Child Protection System. Families who experience significant social risk factors including homelessness, violence in the home, child abuse or neglect, parental substance abuse, lack of social supports, teen parents, and others, can be especially challenging to engage in EI/ILP Services. This may be due to lack of trust in service delivery systems, families who are overwhelmed with the stressors of daily living, transportation and communication challenges, and more. The project will work to remove system barriers and identify sustainable funding to support the work after grant funding fades over time.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

**Senior and Disabilities Services**

**Health Promotion and Disease Prevention**

**Granting Authority:** 7AAC 78 - Grant Programs,

Title III Older Americans Act (OAA); AS 47.05.010 Duties of the Department of Health and Social Services; AS 47.65 Service Programs for Older Alaskans and Other Adults

**Description of Services:** The Health Promotion and Disease Prevention program is aimed at reducing the risk of disease, disability, and injury to adults age 60 and older. The Health Promotion Disease Prevention program, funded through the Administration on Aging Title III-D, will improve the health and well-being of older Alaskan population and reduce costs of acute and long-term care by implementing evidence-based health promotion programs that promote prevention activities including self-management of chronic conditions, fall prevention, physical activity, and medication education, improve emotional and physical health, wellbeing, and sustain the ability to carry out activities of daily living so the person can remain at home.

**Assessment of Need:** Alaska has an increasing population of adults aged 60 and older. Most older adults have at least one chronic condition and many have multiple conditions. Adults over age 60 are increasingly likely to fall, which can result in loss of independence and entry into institutional care. There is increasing evidence that ongoing physical activity can slow the progress of and reduce the impact of disease. Through the Health Promotion Disease Prevention evidence-based programs, grantees will teach and empower older adults to take control of their health.

**Service Delivery Area:** Statewide.

**RBB Framework:** Department Priorities

## Senior and Disabilities Services

### Medicare Counseling and Outreach

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.24 Protection of Vulnerable Adults, AS 47.65 Service Program for older Alaskans and Other Adults, Federal Authorization: PL 101-508 certified at 42 USC 1395b-4, section 4360 of the Omnibus Budget Reconciliation Act of 1990, 7 AAC 127.030(b), and 7 AAC 127.190(12).

**Description of Services:** Medicare Counseling and Outreach (MCO) grants provide coordination of Medicare outreach, counseling, referral, and data-entry activities consistent with the State Health Insurance Assistance Program and Senior Medicare Patrol grants. As an extension of the Medicare Information Office, they provide one-on-one Medicare counseling and public media outreach to seniors and people with disabilities. Counseling and referral is performed both on-site and over the phone, and outreach is provided off-site at community locations and events.

**Assessment of Need:** Availability of Medicare counseling and information for beneficiaries is essential for accessing necessary health care and medications. Demand for Medicare Counseling and Outreach has increased with the expanding senior population in Alaska. Grants under this program increase the capacity of the Division of Senior and Disabilities Medicare Information Office to the growing population.

**Service Delivery Area:** Funding will leverage existing certified Medicare counselors to support and assist the State Medicare Information Office in providing information to the largest populated areas of the state, and also to beneficiaries statewide.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

**Medicare Counseling and Outreach**

**Total Program Grant Award    \$ 185,394.50**

**Senior and Disabilities Services**

**National Family Caregiver Support**

**Granting Authority:** 7AAC 78 - Grant Programs,

**Description of Services:** The National Family Caregiver Support program provides support for adult family members or other informal adult caregivers providing care to individuals 60 years of age and older; adult family members or other informal adult caregivers providing care to individuals of any age with Alzheimer's disease and related disorders; older relatives (not parents), age 55 and older, providing care to children under the age of 18; and older relatives, including parents, providing care to adults ages 18-59 with disabilities.

**Assessment of Need:** Family caregivers provide over \$450 billion per year in unpaid long term care services. The value of family caregivers will likely continue to be the largest source of long-term care services in the United States as the population over age 65 increases. Providing support to family caregivers may increase the length of time caregivers are able to care for their loved one at home.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

**National Family Caregiver Support**

**Senior and Disabilities Services**

**Nutrition, Transportation and Support Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

Title III Older Americans Act (OAA); AS 47.05.010 (16) and (17) Duties of the DHSS; AS 47.65 Service Programs for Older Alaskans and Other Adults; 7 AAC 81 Grant Services for Individuals.

**Description of Services:** The Nutrition, Transportation and Support Services Program grants provide for the following services for older persons in accordance with the Alaska State Plan for Senior Services FY2023-2025:

- Congregate and home delivered meals
- Assisted and unassisted transportation
- Homemaker services
- Outreach, information and assistance
- Legal services
- Media services (provides partial funding for the Senior Voice)
- Community services; senior companion, foster grandparent/elder mentor, and retired senior volunteer programs

**Assessment of Need:** Applicants for grants identify the target population as individuals with the greatest economic and social need with particular attention to older persons whose income falls below the guideline, live alone, are minorities, live in rural areas, and are frail as defined in Title III.

**Service Delivery Area:** Applicants may propose to serve one or more of the nine regions established by the Alaska Department of Health & Social Services, or provide statewide services.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

**Senior and Disabilities Services**

**Protection and Advocacy**

**Granting Authority:** 7AAC 78 - Grant Programs,

Public Law 106-402 Americans with Disabilities Act; AS 47.80 Persons with Disabilities

**Description of Services:** The Protection and Advocacy Program provides people with developmental disabilities, and their families, training and assistance in methods to resolve grievances they may have with providers of community developmental disability services. Services funded by the program range from Information and Referral, Negotiation and Mediation, various Interventions in line with Administrative Recourse and, as a last resort, Legal Consultation and Remedies. The program exists to assist eligible individuals, sometimes through their families and guardians, to engage in their own advocacy. In collaboration with the Division of Senior and Disabilities Services, this grant has been used to emphasize training to recipients in such areas as Special Education, Social Security and the Americans with Disabilities Act.

**Assessment of Need:** Under the Federal Developmental Disabilities Act, the State must have a system of protection and advocacy that has the capacity to provide administrative and legal remedies to civil rights concerns for people with developmental disabilities. Further, the agency must be independent of any service-providing agencies.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priority

**Senior and Disabilities Services**

**Senior In-Home Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.05.010 (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults

**Description of Services:** The Senior In-Home (SIH) Services program provides case management and a menu of in-home services to eligible seniors needing assistance with activities of daily living or instrumental activities of daily living. The goal of the program is to support Alaskan seniors so that they may remain in their homes and communities for as long as possible thereby forestalling or eliminating more costly institutional care. Services include case management, service coordination, chore, respite, extended respite, and supplemental services.

**Assessment of Need:** These services offer a safety net for eligible seniors who do not meet the income requirement or level of care for Medicaid services or a Medicaid Waiver program, especially those with Alzheimer's Disease and related disorders (ADRD). By providing case management and in-home assistance, the SIH program is able to extend the time an individual can live independently in their own home and communities and reduce the need for costly institutional care. This continues to be very important as Alaska's senior population is now the fastest growing per capita in the United States.

**Service Delivery Area:** Statewide

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

**Senior In-Home Services**

**Total Program Grant Award    \$ 2,928,183.00**

**Senior and Disabilities Services**

**Senior Residential Services**

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.65 Service Programs for Older Alaskans; AS 47.33 and 7 AAC 75 Assisted Living Homes

**Description of Services:** This program provides additional funding to agencies who operate assisted living facilities. These facilities are located in rural areas without long-term care facilities or Pioneer Homes. Services provided by the assisted living homes are available to seniors sixty (60) and over, and individuals who are unable to live alone but can reside in a supervised setting with minimal assistance. Assisted living facilities enable seniors to live in or near their communities and provide meals and assistance with daily activities such as, bathing, dressing, transferring, and eating.

**Assessment of Need:** Elders who can no longer care for themselves in their own homes and do not have a caregiver to help them, must typically move to Anchorage or another large community to access assisted living care. Services provided by the assisted living homes in Tanana and Galena provide the necessary support for elders to remain close to their homes and communities. Initially, there were three rural assisted living homes providing services in Galena, Tanana, and Dillingham; however, the assisted living home in Dillingham has since closed its doors. In FY2022, Elders in the Native Village of Unalakleet will need senior residential services. For years, the Native Village has been building an assisted living home and has recently completed their project. The new 10-bed assisted living home is licensed, certified, and ready to accept Medicaid waiver clients. The new facility has a long waiting list and is in need of funding in order to provide services to the Elders in their community.

**Service Delivery Area:** Tanana, Galena, and Unalakleet

**RBB Framework:** Department Priorities

**Senior Residential Services**

<b>Grantee</b>	<b>Service Area</b>	<b>Region</b>	<b>Election District</b>	<b>Fund Source</b>	<b>Grant Award Number</b>	<b>Award Amount</b>

**Total Program Grant Award     \$ 410,000.00**

**Senior and Disabilities Services**

**Title III Emergency Planning and Preparedness**

**Granting Authority:** 7AAC 78 - Grant Programs,

7 AAC 78 - Grant Programs

**Description of Services:** Funding will be used to support agencies in creating emergency plans, policies, and procedures; continuity of operations plans; and to support other emergency preparedness activities and needs such as training and/or supplies.

**Assessment of Need:** All applicants for state grants should have a written plan for emergency response and recovery, and continuity of operations, that provides for potential safety concerns and the safe evacuation of clients and staff and continuity of service. This plan is mandatory for agencies providing residential and/or critical care services as noted in the State Grant Assurances.

In addition, the Administration for Community Living has finalized updates to the regulations for the Older Americans Act programs. New expectations include policy and procedures regarding emergency and disaster planning be developed in coordination with the relevant Title VI program director(s).

Many existing Title III grantees do not have policy and procedure manuals or emergency plans. Those that do need funding to provide training and stockpile and distribute shelf-stable meals and emergency supplies to be better prepared for emergencies.

**Service Delivery Area:** The service area will include all regions of the state.

**RBB Framework:** Effectiveness Performance Measure

- Number of individuals that the project is going to serve
- Number of target population that the project is going to serve

Efficiency Performance Measure:

- Grant expenditure per individual served

**Title III Emergency Planning and Preparedness**

## Senior and Disabilities Services

### Traumatic and Acquired Brain Injury

**Granting Authority:** 7AAC 78 - Grant Programs,

AS 47.80.500 Statewide Traumatic and Acquired Brain Injury Program.

**Description of Services:** The Traumatic or Acquired Brain Injury (TABI) Grant Program includes Resource Facilitation and Peer-Support services. TABI Resource Facilitation includes coordinating resources and care, modeling and teaching independent living skills, and supports individuals living with brain injury to utilize a comprehensive array of services including medical, rehabilitative, social, educational, vocational, in-home, and other needed services to improve quality of life and maintain independence. TABI Peer Support involves individuals with a brain injury receiving support from trained individuals with lived experience with a brain injury or a family member of an individual with a brain injury. Peer support will be offered by grantees who provide TABI Resource Facilitation services. Peer Support will be offered in a group format, 1:1 and via in-person and virtual method. Agencies providing TABI Resource Facilitation, Peer Support, and Supplemental Services will be responsible for conducting outreach with the purpose of educating the community about the availability of services offered through this grant as well as other community resources and completing person-centered intakes on individuals in need of services through the grant.

**Assessment of Need:** Alaska has one of the highest rates of brain injury in the nation. The Alaska Trauma Registry reports that every year approximately 2,500 new traumatic brain injury survivors join an estimated 10,000 to 12,000 Alaskans currently living with brain injury. Additionally, each year approximately 610 Alaskans are hospitalized, 150 individuals die, and an estimated 247 become permanently disabled due to a brain injury. Individuals who have experienced a brain injury have varying degrees of physical, cognitive, behavioral, and functional problems that impact their ability to live independently, causing difficulty gaining access to and utilizing health care providers, housing, employment, transportation, rehabilitation, and other home and community-based supports. Most people with TABI who leave acute care settings are discharged to home, where they piece together the limited supports available, and they may need substantial assistance to regain needed skills. TABI Resource Facilitation, Peer Support, and Supplemental Services will provide a direct link between individuals with TABI and the services and supports that they need to maintain independence and achieve quality of life in their homes and communities.

**Service Delivery Area:** Statewide with a requested physical presence in service areas of need: Anchorage, Mat-Su, Fairbanks, Northwest Arctic/Western remote Alaska, and Southeast Alaska.

**RBB Framework:** Department Priorities

**Traumatic and Acquired Brain Injury**
