

CCPO Approved Health and Safety Orientation Training

Each of the training requirements must be completed through one of the approved training courses listed below. Health and Safety Trainings must meet specific content area requirements and be approved by the [Child Care Program Office](#) to be added to the Approved Health and Safety Trainings list. Health and Safety Trainings can be submitted to the Child Care Program Office @ dpacclpolicy@alaska.gov, for review of content area requirements.

*** Click on the provider's name to access their courses online. ***

The following three training bundles each contain all the required health and safety trainings in one six-hour course, except for recognition and reporting of child abuse and neglect, which must be from one of our two approved Alaska-specific training courses, and Pediatric CPR and First Aid, which must be taken in person. After that, the individual training requirements courses are listed.
