Our office is in network with Premera, VA and Medicare. Please be aware of your plan benefits and the agreement you have with your insurance company. Copays, deductibles and cash services payments are expected at time of service.

Under the law, health care providers need to give patients who don't have insurance or who are not using insurance an estimate of the bill for medical items and services. You will be provided with a Good Faith Estimate of anticipated charges for our nonemergency care upon request. Please do not hesitate to ask for information. The undiscounted prices for health care services described in this list may be higher or lower than the amount an individual will pay.

- Make sure your health care provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or item. You can also ask your health care provider, and any other provider you choose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.
