

## 10 Most Commonly Published Services

*Published 1/13/2025*

Per state law (Senate Bill 105-passed by the 30<sup>th</sup> Alaska Legislature during its second session), starting 1/1/2019, we are required to annually post this list of our 10 most frequently billed service codes from the six sections of Category 1 of the Current Procedural Terminology\* ("CPT codes") book, as adopted by the American Medical Association. The six sections are:

**Category:**

Evaluation and Management  
Anesthesia  
Surgery  
Radiology  
Pathology and Laboratory  
Medicine

**CPT Code Range:**

99201-99499  
00100-01999; 99100-99140  
10021-69990  
70010-79999  
80047-89398  
90281-99199; 99500-99607

The state department responsible for overseeing this law is the State of Alaska Department of Health and Social Services (DHSS), their website is:

**<https://health.alaska.gov/dph/VitalStats/Pages/transparency/S.aspx>**

\*CPT® Copyright 2021. American Medical Association (AMA). All rights reserved. CPT is a registered trademark of the AMA. The CPT codes are provided 'as is' without warranty of any kind. The AMA specifically disclaims all liability for use or accuracy of any CPT codes.

In adherence to the law, Steese Immediate Care is listing our “undiscounted price.” This is the price taken directly from our fee sheet as of the publication date and are also reported to the Alaska Department of Health & Social Services. These prices may be higher than the amount actually paid for the services received depending on the individual’s circumstance (ie. Insurance Coverage, In-Network Contacts, Self-Pay Arrangements, etc.)

You are entitled, upon request, to receive a good-faith estimate of reasonably anticipated charges for a given nonemergency service(s) prior to providing those services and no later than 10 days following the receipt of your request. This estimate does not include facility fees or other charges incurred outside of the service rendered by a(n) Steese Immediate Care Provider. Please do not hesitate to ask any questions.

**We are considered an “In-Network Provider” under your insurance policy, if you Insurance Card shows any of the following:**

**We are not enrolled in Medicare, Medicaid, Tricare (Prime and Select), or VA Benefits**

For all other insurances, we are considered out-of-network and do not maintain contractual relationships that may reduce the prices of our services, but our services are extended to everyone, regardless of their coverage. We are happy to check your coverage for benefits.

## 10 Most Commonly Performed Evaluation and Management Codes:

| <u>CPT Code</u> | <u>Cost</u>  | <u>Description of the Service</u>   |
|-----------------|--------------|---|
| <b>99203</b>    | <b>\$350</b> | <b>Office Visit Level</b> – New Patient with problems of moderate severity  |
