

TRAUMA NURSING CORE COURSE

Every second counts when stabilizing life-threatening trauma cases. This course, taught by qualified nurses, provides you with the knowledge, critical thinking skills and education needed to provide high-quality trauma nursing care. After completing this course, you will be able to properly assess patients and implement evidence-based interventions to improve patient outcomes.

PRE-COURSE LEARNING

Includes access to required online modules prior to the course date to let you learn at your own pace, apply what you learn, and receive immediate feedback. Modules include a comprehensive study guide and a step-by-step breakdown of the Trauma Nursing Process.
