

## Adult Vaccine Eligibility and Billing Information 19+ Years of Age

Providers are required to screen patients for vaccine eligibility at each immunization visit to ensure accountability. Complete vaccine administration and eligibility data must be reported in VacTrAK within 14 days per Alaska Administrative Code 7 AAC 27.650(a). Adults are eligible to receive Alaska Vaccine Assessment Program (AVAP) vaccine, also referred to as State Vaccine, with the below eligibility criteria.

As of January 1, 2022, if patients have the following insurance status, they are **not** eligible for AVAP (aka State) vaccine:

- Medicaid (as either main or primary insurance)
- Medicare (as either main or primary insurance)
- Insurance that does not cover vaccine

Notes:

- Per Alaska Administrative Code 7 AAC 27.149(2), only Alaska residents are eligible for AVAP (aka State) vaccine.
- IHS beneficiary status is *not* considered insurance under the AVAP adult vaccine program.
- State Vaccine may appear as "state specific" or "local specific" eligibility in Electronic Health Records.

Vaccine Source (VacTrAK Eligibility)	Adult Insurance Status	Insurance or Provider Status with AVAP	HL7 Eligibility Mapping Code	HL7 Funding Source Code	Administration Fee Bill To	Vaccine Administration Fee Cap	Vaccine Cost Bill To
State Vaccine	Insured/ Underinsured	Private insurance participating in AVAP	V07	VXC 50 Public <i>or</i> VXC 52 Public Non-VFC	Insurance	Determined by insurance	Do <u>not</u> bill (State-supplied)
State Vaccine	Uninsured	Health care provider opts in for their uninsured adult population	V23	VXC 50 Public <i>or</i> VXC 52 Public Non-VFC	Patient	Determined by provider	Do <u>not</u> bill (State-supplied)
(Private Vaccine) Ineligible	Uninsured	Health care provider does <u>NOT</u> opt in for their uninsured adult population	V01	PHC 70 Private	Patient	Determined by provider	Determined by provider
(Private Vaccine) Ineligible	Non-participating Payor (see above box)	Ineligible for AVAP	V01	PHC 70 Private	Medicare or Medicaid	Determined by Medicare or Medicaid	Determined by Medicare or Medicaid
