

## Health Care Services Price Transparency

This information is posted under legal requirements outlined in AS 18.23.400 and 7 AAC 86. The undiscounted price may be higher or lower than the actual amount the individual pays for the services on the list. For example, if you have health insurance, Medicaid, or qualify for discounted care your out-of-pocket costs might be much lower or even \$0. You will be provided with an estimate of the anticipated charges for your nonemergency care upon request. Please do not hesitate to ask for information.
