

Strategies to Achieve Healthy and Equitable Communities

1 SERVICES

Expand or develop services to prevent and mitigate COVID-19 among high-risk, underserved groups.

3 CAPACITY & PLANNING

Build, leverage, and expand workforce, capacity, coalitions, and plans relevant to COVID-19 mitigation for high-risk, underserved groups.

5 HEALTHY ALASKANS

Enhance implementation of all other Healthy Alaskans 2030 priority health objectives and strategies with a focus on high-risk, underserved Alaskans.

2 DATA

Improve health data collection and sharing for high-risk, underserved groups.

4 PARTNERS

Mobilize partners statewide to address root causes related to COVID-19 and other health conditions.
